By State of Residence	20
By Country of Residence	21
Distance Learning	22

HIGHLIGHTS

- **Full-time equivalent enrollment (FTE) remains at record-high levels above 24,000 FTE. At 24,056, this fall's FTE enrollment is slightly down by 0.8% from the Fall 2005 record high of 24,247.**
- **Fall 2007 headcount for Maine's public universities remains high, with 33,626 full-time and part-time students enrolled. The total reflects a modest 1.7 % decline in total enrollment as compared to last year's near-record high. UMS enrolls approximately 72% of students currently enrolled in public postsecondary education and 56% of students in public and private postsecondary education combined.**
- **First-time, first-year students are up by 1.6% (69 students) from 4,282 in Fall 2006 to 4,351 in Fall 2007. This is the second highest entering class since 1990.**
- **Over the past three years, the University of Maine System has experienced record-high enrollments in its four-year (bachelor's) degree programs. With 22,236 baccalaureate students, this fall is only slightly off last years all-time high of 22,375 students.**
- **UMS also continues to attract students across the United States and internationally. Non-resident enrollment of 4,268 students is the second highest in UMS history, off 98 students from last year's record of 4,347. Non-resident students represent all but one state and 79 countries.**

**FALL 2007 DISTANCE LEARNING ENROLLMENT
ALL STUDENTS TAKING DISTANCE LEARNING COURSES**

The table below provides a summary profile of students taking distance education courses (i.e. through interactive television, the internet or another delivery mode.) Students taking an ITV course at the broadcast sites, i.e. the classroom at which the course originated, are excluded as the broadcast course represents a traditional university course that would have historically been offered whether or not ITV existed.

● This table shows **all** students taking at least one distance education course, whether they are taking only distance education courses or are taking distance education courses and at least one non-distance education course.

● The students shown in the above table have already been counted in the enrollment figures in all other tables. These numbers should not be added to previously reported university enrollment figures.

● Only distance education headcount enrollment students are those students taking only distance learning courses and no other courses.

● Effective with the Fall 1995 semester, students enrolled in distance learning receive site courses are counted as part of the enrollment of the university that is broadcasting the course, regardless of where the receive sites are located.
