

# Project Enterprise Timeline

The Project Enterprise Timeline has been reassessed and revised to include the following five goals for the Project.

- 1) Upgrade Human Resources to a newer version.
- 2) Implement as few Student modules as possible on the older version.
- 3) Bring together modules that reasonably fit together, such as Student Records and Student Financials.
- 4) Reduce the risks we have with aged legacy systems.
- 5) Respect the demand on our Institutions, which must provide personnel and expertise to the project.
