EMERGENCY MITIGATION AND RESTORATION SERVICES

The University of Maine System (UMS) is seeking letters of interest and qualifications in order to create a resource base of vendors for emergency mitigation and restoration services.

The University of Maine System consists of seven universities and 10 University College regional outreach centers. In addition to the campuses of our seven public universities and our regional outreach centers, there are 75 local ITV sites that deliver distance-education. More information can be found at http://www.maine.edu/.

With a diverse infrastructure throughout the State of Maine, UMS must prepare for the next unexpected event whether it be large scale flooding, wind or ice damage or a smaller scale event such as a water main break or fire.

The University intends to create a pool of qualified and trained vendors who can respond to any situation anywhere in the State 24/7/365. In the event of an emergency the University would use the roster to solicit services from vendor(s) that are best qualified to respond to the event. The University intends to annually update the information provided as a result of this RFI.

Firms desiring to be considered for this project should submit a letter indicating interest.

Five (5) copies of the following must accompany the letter:

(a) A statement of qualifications;
(b) A profile of key personnel who would work with the University;
(c) A complete description of your fees;
(d) A list of three references (preferably from colleges and universities) for work performed within the last three years;

Where possible, all materials submitted should be fully recyclable. Submissions shall be on standard 8.5 x 11, letter-sized paper and be clipped together without binding.

Firms may be contacted to participate in interviews.

Attached is a copy of the University’s Professional Services Contract for your review. Do not fill it out at this time; it is only for your information. If you have a contract that you would prefer to use, please include that with your materials.

All responses should be addressed to:
