3. BOARD INFORMATION: X BOARD ACTION:

4. BACKGROUND:

   It has been suggested that a timely process whereby Trustees can gain direct feedback from students and faculty would be helpful. Given the many different approaches that could be used and the need for broad based participation, it was suggested that the Academic and Student Affairs Committee discuss this and provide guidance as to the best approach and key questions. Trustee Johnson and Rosa Redonnett, Chief Student Affairs Officer, will lead this brief discussion.
