UNIVERSITY OF MAINE SYSTEM – FALL 2018 ENROLLMENT REPORT

INTRODUCTION

The following report provides summary information regarding enrollment at the University of Maine System for the Fall 2018 Semester. All data reported is as of the census date, October 15, 2018.

Notes:

1. Some totals may not appear to sum correctly due to rounding (e.g., credit hours, FTE, and percentages).
2. In the case of intra-campus cross-listed courses, the Host institution (the UMS institution hosting/teaching the course) receives the credit hours for the course, while the Home institution (the UMS institution where the students' primary enrollment is) keeps the FTE and headcount.
3. The formula for calculating Fall FTE (for all campuses except UMF starting in Fall 2006) is as follows:
Fall Undergraduate Credit Hours/15 + Fall Professional (Law) Credit Hours/15 +
Fall Graduate Credit Hours/9 = Fall FTE + UMF: Fall Undergraduate Credit Hours/16 + Fall Graduate
Credit Hours/9 = Fall FTE.

Data Source: PeopleSoft Database; the University of Maine System; 10/15/2018.

UNIVERSITY OF MAINE SYSTEM – FALL 2018 ENROLLMENT REPORT

HIGHLIGHTS

- Compared to Fall 2017, undergraduate headcount and credit hours are up (2.2% and 0.6% respectively) across the system. UMA, UMFK, UMPI, and USM experienced increases in undergraduate credit hours compared to last fall, while these credit hours declined slightly at UM and more significantly at UMF and UMM.
- Credit hours among Early College students experienced a marked increase (25.7%) compared to Fall 2017. Each and every campus saw an increase in Early College headcount and credit hours compared to the previous Fall semester. Credit hours from Early College programs now account for 4.7% of all undergraduate credit hours in the UMS.
- Graduate student credit hours were the highest they have been in the past five fall terms and showed an increase of 3.7% overall relative to Fall 2017. UMF witnessed the strongest and most consistent growth in graduate student credit hours (although such credit hours only account for 4.0% of UMF's overall credit hours this fall). Graduate credit hours also grew at both UM and USM since last Fall.
- Although credit hours from NEBHE students declined 6% since Fall 2017, there has been significant growth in credit hours among other out-of-state students (up 48.8% since Fall 2014). Meanwhile, credit hours among in-state students declined 8.3% over the past five Fall terms. Credit hours and headcounts have declined substantially at the Associate-degree level, driven largely by the elimination of two-year degree programs across the system in recent years.
- The number of First-time undergraduate students entering in Fall 2018 increased for the third year in a row, showing a 1% increase from the previous Fall term and an 8% increase from Fall 2014. However, entering transfer, readmits, and post-baccalaureate students declined compared to last Fall. Entering graduate students have increased 15.6% relative to Fall 2014. Entering law students also showed an increase of 4.8% compared to five years ago.
- Compared to either a year ago or five years ago, there are now more Black/African American, Hispanic/Latino, Asian, and multi-racial/ethnic students enrolled in the UMS, which helps to explain much of the growth in overall student headcounts. The total number of white students increased 2.5% since last year, while the total number of Non-Resident Alien (International) students has dropped by 12.2% since Fall 2017 (and by 25.6% in the last five years).
- The delivery of credit hours continued to shift toward Distance Education—toward Distance Online in particular, which grew by more than 8.6% since last year. Distance ITV and Video Conference modes are also up from last year, while Distance Onsite credit hours fell nearly 5%. Traditional campus credit hours declined only slightly over the past year (by 1%) and have declined by 2.6% over the past five years.

Notes: The “Unduplicated Headcount” counts students once per institution (students can participate in multiple early college programs at each institution). The “Unduplicated Total” is the number of unique students enrolled in the UMS. Students may be enrolled in one or more UMS institutions, but they are only counted once in the “Unduplicated Total.”
