Highest Earned Academic Award Prior to Entering the UMS.....	12
Average First Term GPA	14
Average First Year Credit Hours Taken and Passed	15
Return Rates.....	19
Year 4 and 6 Outcomes.....	21
First-Time Bachelor’s Degree Recipients	27

INTRODUCTION

The following report provides descriptive statistics for entering undergraduate transfer students in the University of Maine System (UMS). The first section of the report contains descriptive statistics about entering transfer students, including their outgoing institution, entering UMS institution, and popular programs of study. The second section reviews transfer students’ academic history, including data related to the number of institutions attended prior to transferring, the type of first post-secondary institution attended, and academic awards earned prior to transferring. The third section contains performance metrics for transfers students and first-time undergraduates, including first-term average GPA, first year credits attempted and passed, return rates, and outcomes. The last section of the report includes data specific to first-time bachelor’s degree recipients and provides statistics specific to their academic history prior to degree completion.

Notes:

1. Enrollment records found in the NSC’s StudentTracker Database for students under the age of 18 at the time of enrollment (i.e., early college and other dual enrollment programs for high school students) are excluded from analyses.
2. Some totals may not appear to sum correctly due to rounding.

Data Sources: PeopleSoft Database; the University of Maine System.
StudentTracker Database; National Student Clearinghouse.

UNIVERSITY OF MAINE SYSTEM – 2021 TRANSFERS REPORT

SUMMARY

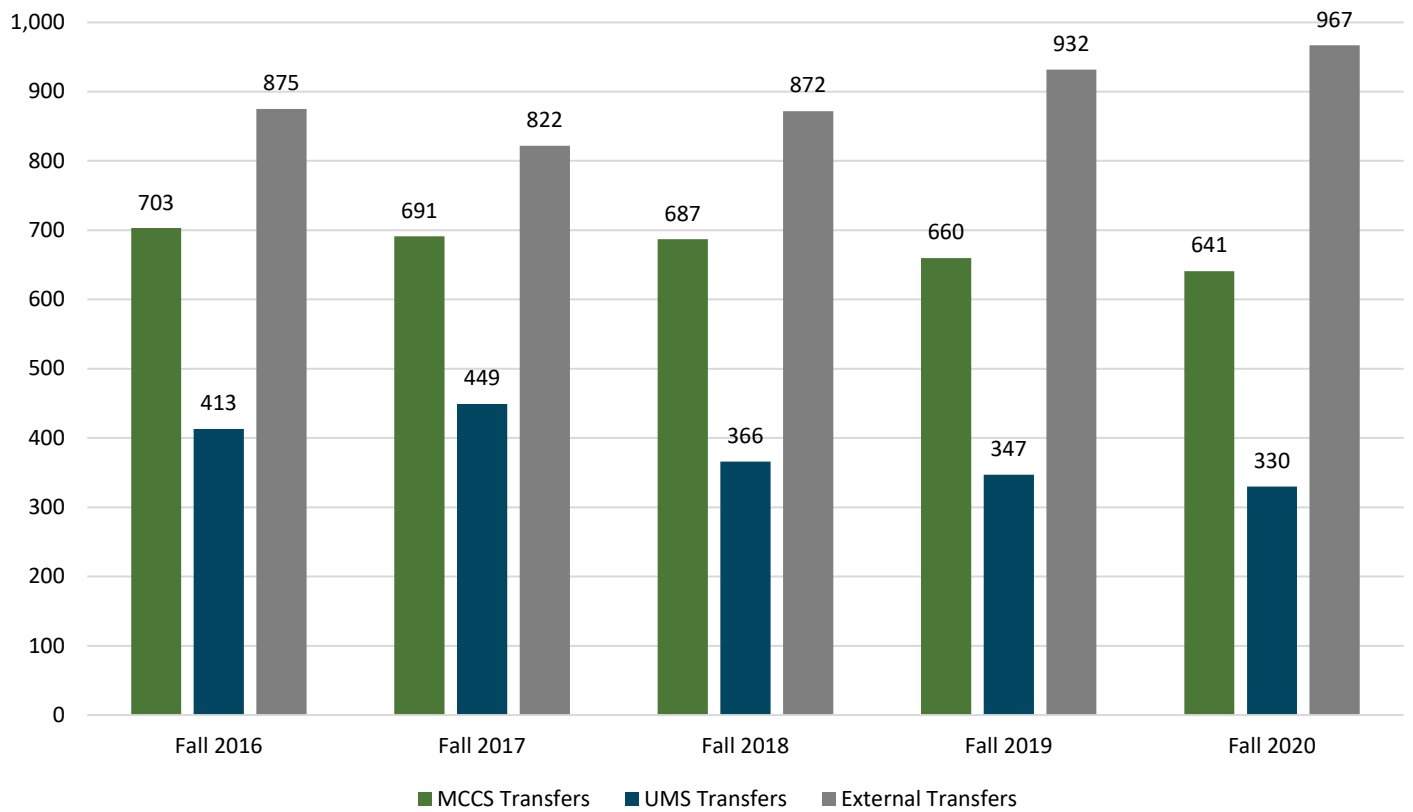

- Entering transfer students declined slightly in Fall 2020 from last fall (-0.1%) and five years ago (-2.7%). MCCS and internal UMS transfers declined from last fall (-2.9% and -4.9% respectively) and from five years ago (-8.8% and -20.1% respectively). External transfers increased by 3.8% from last fall and by 10.5% compared to Fall 2016. Nearly half (49.9%) of all transfers in Fall 2020 came from outside of the MCCS and UMS systems. 39.9% of all MCCS transfers in Fall 2020 came from the Southern Maine Community College (SMCC) and USM received 38.2% of all MCCS transfers. UMA received the second largest proportion of MCCS transfers (27.0%) in the same semester. For MCCS transfers in Fall 2020, nursing was the most popular academic plan (primarily at UMA and USM, with 8.4% enrolled), followed by UMFK's RN to BSN nursing program (7.6% enrolled), and liberal studies (primarily at UMA, with 5.9% enrolled).
- Nearly 1 out of 4 (24.0%) transfer students entering in Fall 2020 had attended 3 or more separate post-secondary institutions prior to transferring into the UMS (excluding early college/dual enrollment participation). This group grew 13.9% from last year and 35.9% from five years ago. Most entering transfers in Fall 2020 initially enrolled at a 4-year institution (54.5% of all transfers) that was publicly controlled (72.1% of all transfers) and located in the northeast (73.5% of all transfers). Most (54.1%) MCCS transfers in Fall 2020 completed some form of academic credential prior to entering the UMS, with 47.3% having completed an associates degree prior to entry. Overall, 38.1% of transfers in Fall 2020 had completed an academic credential prior to transferring into the UMS.
- On average, entering transfer students had higher first term GPAs (ranging from 3.01 to 3.11 depending on transfer type) than undergraduates entering the UMS as first-time post-secondary students (2.81). In Fall 2020, entering transfer students passed a similar proportion of credit hours attempted (84.6% to 88.7% depending on transfer type) compared to first-time undergraduates (86.3%). In the same term, first-time undergraduates attempted and passed more credit hours on average (28.0 and 24.2 respectively) than transfer students overall (23.8 and 20.6). Over the last five fall cohorts, all transfer types (MCCS, UMS, and external) had return rates within 3% (+ or -) of first-time undergraduates. In Fall 2020, the overall return rate for transfer students (70.0%) was similar to the return rate for first-time students (71.7%). Both transfer and first-time undergraduates had similar outcomes after 4 and 6 years. 45.7% of transfer students entering in Fall 2013 had completed the credential they sought at their starting institution by the end of their fourth academic year after transferring into the UMS. Likewise, 46.7% of first-time undergraduates entering in the same fall term had completed the credential they sought at their starting institution by the end of their sixth academic year.
- In 2019-20, more first-time UMS bachelor's degree recipients had prior enrollment at 2-year public institutions (31.2%) compared to five years ago (27.2%). Between 12.5% and 14.4% of graduates within the last five years had a prior associate degree. Most graduates had enrollment at multiple institutions prior to degree completion (between 30.2%-32.6% attended 2 institutions and between 20.4%-24.0% attended 3 or more institutions). Although most (78.3%) graduates in 2019-20 attended only one UMS institution prior to graduation, over 20% of graduates in the last five academic years attended at least two UMS institutions (excluding early college participation) prior to degree completion. Of the 2019-20 graduates, 16.3% had 1 stop out and another 14.6% had 2 or more stop outs. Those with no prior community college enrollment completed at a faster rate (between 5.0 and 5.2 years on average) than those with prior enrollment at a 2-year public institution (between 6.9 and 7.3 years on average). Those with a prior associate degree typically took between 9.6 and 10.3 years on average to complete.

RETURN RATES

The following section includes fall-to-fall return rates for degree/certificate-seeking undergraduates who entered the UMS as transfer students. Fall-to-fall return rates show the proportion of degree/certificate-seeking undergraduates enrolled as of census (e.g., October 15, 2019) in each fall term who were subsequently enrolled at the same UMS institution as of the following fall term's census date (e.g., October 15, 2020).

Fall 2019 Adjusted Headcount* by Entering Cohort Type

Campus	MCCS Transfers	UMS Transfers	External Transfers	All Transfers	First-Time

* The adjusted headcount is the headcount less those who completed the credential sought (certificate, associate's degree, bachelor's degree) prior to the following fall term.

UNIVERSITY OF MAINE SYSTEM – 2021 TRANSFERS REPORT

YEAR 4 AND 6 OUTCOMES

Tables in the following section include academic year 4 and 6 outcomes for entering transfer and first-time, degree/certificate-seeking undergraduates.

General Notes

An academic year includes summer, fall, and spring terms (e.g., Summer 2018, Fall 2018, and Spring 2019 comprise the 2018-19 academic year). Entering first-time cohorts exclude non-degree and early college undergraduates. Students are counted once each year (i.e., the categories are mutually exclusive). Students are classified based on a hierarchical order of outcomes. For example, if a UM student completes a credential from UM, they are counted in the “Graduated: Same UMS Institution” category even if they were still enrolled in that same academic year. Students participating in study abroad programs within the UMS are counted as enrolled.

Definitions

Graduated: Same UMS Institution: Students completed a credential (certificate or degree) from the same UMS institution they enrolled as an entering first-time or transfer student. Once a student completes a credential at their starting institution, that student is counted in this category in subsequent outcome years regardless of whether they were enrolled or completed elsewhere.

Graduated: Other UMS Institution: Students completed a credential at a different UMS institution than the one they enrolled in as an entering first-time or transfer student. Once a student completes a credential at a different UMS institution, they are counted in this category in subsequent outcome years unless they complete a credential at their original starting institution (in which case, they are counted in the "Graduated: Same UMS Institution" category).

Graduated: Other Institution: Students completed a credential at an institution outside of the UMS. Once a student completes a credential at an institution outside of the UMS, they are counted in this category in subsequent outcome years unless they complete a credential within the UMS (in which case they are counted in the "Graduated: Same UMS Institution" or "Graduated: Other UMS Institution" depending on if they completed the credential at their original starting UMS institution or a different UMS institution).

Enrolled: Same UMS Institution: Students who have not yet completed a credential but are still enrolled at the same UMS institution they enrolled as an entering first-time or transfer student. If the student is enrolled at multiple institutions within an academic year - including their starting UMS institution - they are counted only once under "Enrolled: Same UMS Institution." Students are counted as enrolled so long as they were enrolled at some point during the academic year.

Enrolled: Other UMS Institution: Students who have not yet completed a credential but are still enrolled a different UMS institution than the one they enrolled as an entering first-time or transfer student. If the student is enrolled at multiple institutions within an academic year - excluding their starting UMS institution - they are counted only once under "Enrolled: Other UMS Institution." Students are counted as enrolled so long as they were enrolled at some point during the academic year.

Enrolled: Other Institution: Students who have not yet completed a credential but are still enrolled an institution outside of the UMS. Students are counted as enrolled so long as they were enrolled at some point during the academic year.

Not Enrolled; Did Not Complete: Students who were not enrolled during the academic year and had not completed a credential.
