

Maine students have access to many early college opportunities through Maine's public universities and community colleges. It is important to select courses carefully. Early College Pathways can help students earn credits with a purpose, and be better prepared for possible majors and careers.

General education courses are a great way to explore Early College classes. These courses provide the background and skills needed for college, regardless of the major you choose. Many of the general education courses listed below will satisfy degree requirements when you attend college.

- **College Composition/College Writing**
- **History • Psychology • Sociology**
- **Public Speaking • Biology**
- **Chemistry • Quantitative Reasoning**
- **Statistics • College Algebra**
- **Precalculus • Calculus**

Aspirations Program Eligibility

The Aspirations Program is funded by the Maine Legislature and authorized under Title 20-A, Chapter 208-A. The program is administered by the Maine Department of Education. Maine's public high school students and qualifying home-schooled students may be considered eligible to participate if they meet the following criteria:

- receive approval from the student's high school
- meet course prerequisites
- receive final approval from the college or university

Early College students may earn up to a total of 12 tuition-free credits per academic year at Maine's public universities and community colleges.

Transferability

- Only the receiving college can confirm whether a course will transfer.
- While most credits will transfer as electives, college programs may limit the number of electives students can use.
- College programs have specific course requirements. Courses outside those requirements may not transfer.

The University of Maine System is an EEO/AA employer, and does not discriminate on the grounds of race, color, religion, sex, sexual orientation, transgender status, gender expression, national origin, citizenship status, age, disability, genetic information or veteran's status in employment, education, and all other programs and activities. The following person has been designated to handle inquiries regarding non-discrimination policies: Director of Equal Opportunity, 101 North Stevens Hall, University of Maine, Orono, ME 04469-5754, 207.581.1226, TTY 711 (Maine Relay System).

The Maine Community College System is an equal opportunity/affirmative action institution and employer. For more information, please contact the MCCS Office of Human Resources at 207.629.4000. The complete notice of non-discrimination is available at mccs.me.edu/non-discrimination.

Early College Career Exploration Pathways

A collaboration of
Maine's Community College System (MCCS)
and the University of Maine System (UMS)

I am interested in how things work and solving problems.

Early College Courses:

- Precalculus/Calculus • Statistics
- Technical Math • Physics • Welding 1
- Intro to Hand & Power Tool Safety
- Suspension and Alignment
- Intro to CAD Graphics

Possible Majors

at MCCS:	at UMS:
• Architectural Drafting & Design	• Surveying Technology
• HVAC Technology	• Environmental Science
• Automotive Technology	• Biology

Possible Careers

2-Year Degree:	4-Year Degree:
• Electrician	• Civil Engineer
• Welder	• Biomedical Engineer
• Plumber	• Marine Biologist
• Automotive Technician	• Chemist

I want to help keep people safe and protected.

Early College Courses:

- Intro to Criminal Justice
- Criminology
- Police Operations
- Forensics

Possible Majors

at MCCS:	at UMS:
• Criminal Justice	• Criminal Justice
• Emergency Medical Services	• Political Science
• Paramedicine	• Public Policy/ Administration
• Fire Science	• Justice Studies

Possible Careers

2-Year Degree:	4-Year Degree:
• Game Warden	• Federal Police Officer
• Police Officer	• Border Patrol Agent
• Firefighter	• Government
• EMT
