

System Office Weapons Policy

Office of Human Resources

August 16, 2010

In order to ensure a safe environment for employees and visitors, the System Office of the University of Maine System prohibits the wearing, transporting, carrying, storage, or presence of firearms or other dangerous weapons in System Office facilities and vehicles. This prohibition applies to employees and visitors except for duly sworn law enforcement personnel engaged in official duties. Possession of a concealed weapons permit is not authorization to bring a weapon onto System Office premises.

A weapon is a firearm or other device, instrument, material or substance which is capable of producing death or serious bodily injury. This may include, but is not limited to, devices from which a projectile (e.g., arrow, ball, bullet, missile, pellet, shell, or other material) may be fired, certain knives, and objects used as clubs that pose reasonable risk of injury.
