# REQUEST FOR PROPOSALS \# 04-14 Travel and Expense Management Solution University of Maine System ADDENDUM \#3 

In order to address questions 4, 7, 20, 24 and 25 the University is issued Addendum \#2 on September 26, 2013. The response for Q7 was lacking, therefore we've reexamined the available data and offer the following:

Q7. Can you provide the annual number of expense reports/reimbursements? Any additional breakdown would be helpful.

A7. The attached assumption set and pricing template have been updated to reflect the following.

After reviewing two years for date, the total number of expense vouchers processed on an annual basis is approximately 16,000. Note: this includes reimbursements for mileage and/or meals only.

Bidders must keep in mind, the University is acutely aware of its deficiencies in data collection, storage and retrieval for travel. One of the objectives of this RFP is to remedy this deficiency through the selection of an appropriate partner (Contractor).
