REQUEST FOR BIDS #070-17
Purchase of Chassis & Remount of Ambulance Body for University of
Maine Cutler Health Center
RESPONSE ADDENDUM #2
February 3, 2017

This addendum responds to initial questions submitted by vendors.

The University of Maine

University of Maine
at Augusta

Q1. Can the University provide more information on what kind of rear water pump is in the unit?

University of Maine
at Farmington

A1. *The University does not have that information at this time however the auxiliary coolant pump is to be replaced and included in the bid. Pump is to be sized to provide the required heat to the rear unit while not effecting the heat of the vehicle cab. The auxiliary coolant pump is to be controlled by the vehicle's thermostat. The existing valves are to be replaced and upgraded to electric valves.*

University of Maine
at Fort Kent

University of Maine
at Machias

University of Maine
at Presque Isle

University of
Southern Maine
