## 1.0 INTRODUCTION

### 1.1 Definitions, Background, Purpose and Specifications

#### 1.1.1 Definitions

The University of Maine System will hereinafter be referred to as the "University." Respondents to the document shall be referred to as "Respondent(s)" or "Respondent".

The Respondent to whom the Agreement is awarded shall be referred to as the "Contractor."

The University of Maine System and other components of the University shall be referred to as "Multi-Institution".

#### 1.1.2 Purpose

The University of Maine System, acting on behalf of NetworkMaine is seeking proposals for the provision of data transport services to provide in-state transport services to approximately 900 K-20 schools, libraries, state and local governments, and research institutions that participate in Maine's research and education network, MaineREN. Resulting contract will be for a three (3) year term with two (2) optional renewal years.

This document provides instructions for submitting responses, the procedure and criteria by which the Respondent(s) will be selected, and the contractual terms which will govern the relationship between the University and the awarded Respondent(s).

Respondents should review **1.1.3 Specifications / Scope of Work** of this document to see the full Scope of Services/Products required.

#### 1.1.3 Specifications / Scope of Work

NetworkMaine is a business unit of the University of Maine System ("University"). NetworkMaine's intention is to provide a fiber optic based network solution to K-20 schools, libraries, state and local governments, and research entities. The network will provide a cost-effect solution to address advanced network services, high speed interconnectivity between network participants, and connectivity to the commodity Internet, MaineREN, and the national research and education network, Internet2.

The scope of this project is to select data transport services for any and all K-20 schools, libraries, state and local governments, and research institutions in Maine (**see Exhibit I of Appendix B**) with services beginning **July 1, 2018**. The Respondents are being asked to provide three differing types of service;

- 1) E-LAN service for local transport services between schools or libraries within a district.
- 2) E-LINE service to connect these district networks along with individual schools, libraries, and other entities to one or more NetworkMaine Points of Presence.
- 3) Dark Fiber service to connect these district networks along with individual schools, libraries, and other entities to a NetworkMaine Point of Presence.

Respondent(s) may propose any data transport medium capable of carrying the bandwidth required for access to NetworkMaine's regional points of presence but fiber optics are preferred to allow for easy and rapid increases in contracted bandwidth. **Note:** ISP services are not required.

The Respondent(s) must accommodate the diversity of existing hardware and software in schools and libraries. The Respondents are not responsible for local hardware needs beyond the demarcation point other than providing an Ethernet handoff in the case of lit services. The Respondent(s) must coordinate its transport offerings with the University to provide end-to-end service.

Respondent(s) may join with other service providers, where applicable, to supply necessary services however the University does require a single point of contact for all RFP items. In the event that a group of Respondents submits a single response, all participating Respondents must be identified in the response and a "Primary Respondent" must be assigned. This 'Primary Respondent' will be responsible for all proposed items and shall coordinate all contractual and invoicing issues.

The University is not required to select a single provider that can meet the needs of all members, therefore Respondents are encouraged to submit proposals for locations they can service even if they cannot provide statewide service.

## 1.2 General Information

### 1.2.1 Contract Administration and Conditions

1.2.1.1 The winning Respondent will be required to execute a contract in the form of a University of Maine System Contract for Services, which is attached to this response as **Appendix E**. Contract initial term and renewal periods are reflected in Section 2 of Appendix E, Contract for Services, and are subject to continued availability of funding and satisfactory performance.

The Agreement entered into by the parties shall consist of the University of Maine System Contract for Services (attached to this document), the RFP, the selected Respondent's submission, including all appendices or attachments and clarifications, the specifications including all modifications thereof, and a Purchase Order or Letter of Agreement requiring signatures of the University and the Contractor, all of which shall be referred to collectively as the Agreement Documents.

In the event of a conflict of terms the following precedence will apply:

1. University of Maine System Contract for Services
2. Agreement Riders as required
3. Contract Amendments (as required)
4. The University's RFP
5. Respondent's Submission
6. Purchase Order or Letter of Agreement

1.2.1.2 Modification of Agreement terms and conditions is permitted except that the University, due to its public nature, will not:

- a. Provide any defense, hold harmless or indemnity;

- b. Waive any statutory or constitutional immunity;
- c. Apply the law of a state other than Maine;
- d. Procure types or amounts of insurance beyond those UMS already maintains or waive any rights of subrogation.
- e. Add any entity as an additional insured to UMS policies of insurance;
- f. Pay attorneys' fees, costs, expenses or liquidated damages;
- g. Promise confidentiality in a manner contrary to Maine's Freedom of Access Act;
- h. Permit an entity to change unilaterally any term or condition once the contract is signed;
- i. Accept any references to terms and conditions, privacy policies or any other websites, documents or conditions referenced outside of the contract; or
- j. Agree to automatic renewals for term(s) greater than month-to-month.

1.2.1.3 By submitting a response to a Request for Proposal, bid or other offer to do business with the University your entity understands and agrees that:

- a. The above Agreement provisions (**Section 1.2.1.2**) will not be modified and are thereby incorporated into any agreement entered into between University and your entity; that such terms and condition shall control in the event of any conflict with such agreement; and that your entity will not propose or demand any contrary terms;
- b. The above Agreement provisions (**Section 1.2.1.2**) will govern the interpretation of such agreement notwithstanding the expression of any other term and/or condition to the contrary;
- c. Your entity agrees that the resulting Agreement will be the entire agreement between the University (including University's employees and other End Users) and Respondent and in the event that the Respondent requires terms of use agreements or other agreements, policies or understanding, whether on an order form, invoice, website, electronic, click-through, verbal or in writing, with University's employees or other End Users, such agreements shall be null, void and without effect, and the terms of the Agreement shall apply.
- d. Your entity will identify at the time of submission which, if any, portion or your submitted materials are entitled to "trade secret" exemption from disclosure under Maine's Freedom of Access Act; that failure to so identify will authorize UMS to conclude that no portions are so exempt; and that your entity will defend, indemnify and hold harmless UMS in any and all legal actions that seek to compel UMS to disclose under Maine's Freedom of Access Act some or all of your submitted materials and/or contract, if any, executed between UMS and your entity.

### 1.2.2 Communication with the University

It is the responsibility of the Respondent to inquire about any requirement of this document that is not understood. Responses to inquiries, if they change or clarify the document in a substantial manner, will be forwarded by addenda to all parties that have received a copy of the document. Addenda will also be posted on our web site, [www.maine.edu/strategic/upcoming\\_bids.php](http://www.maine.edu/strategic/upcoming_bids.php)

It is the responsibility of all Respondents to check the web site before submitting a response to ensure that they have all pertinent documents. The University will not be bound by oral responses to inquiries or written responses other than addenda.

Inquiries must be made using the **Response Contact Information** provided on the cover sheet of this document.

Refer to table in **Section 1.3.1 Timeline of Key Events** for deadline requirements.

### 1.2.3 Confidentiality

The University must adhere to the provisions of the Maine Freedom of Access Act (FOAA), 1 MRSA §401 et seq. As a condition of submitting a response under this section, a respondent must accept that, to the extent required by the Maine FOAA, responses to this solicitation, and any ensuing contractual documents, are considered public records and therefore are subject to freedom of access requests.

The information contained in responses submitted for the University's consideration will be held in confidence until all evaluations are concluded and a Respondent selected (the successful Respondent). At that time the University will issue award notice letters to all participating Respondents and all Respondents' responses may be made available to participating Respondents upon request. Such request must be made by submitting a written request to the individual noted in the Response Contact Information shown on the cover sheet of this document, with a copy of the request provided to the other Respondents. Such requests are public records.

After the protest period has passed and the Agreement is fully executed, responses will be available for public inspection upon request.

Pricing and other information that is an integral part of the offer cannot be considered confidential after an award has been made. The University will honor requests for confidentiality for information that meets the definition of "trade secret" under Maine law. Clearly mark any portion of your submitted materials which are entitled to "trade secret" exemption from disclosure under Maine's Freedom of Access Act. Failure to so identify as trade secret will authorize the University to conclude that no portions are so exempt; and that your entity will defend, indemnify and hold harmless the University in any and all legal actions that seek to compel the University to disclose under Maine's Freedom of Access Act some or all of your submitted materials and/or contract, if any, executed between the University and your entity.

### 1.2.4 Costs of Preparation

Respondent assumes all costs of preparation of the response and any presentations necessary to the response process.

**1.2.5 Authorization**

Any Agreement for services that will, or may, result in the expenditure by the University of \$50,000 or more must be approved in writing by the Office of Strategic Procurement, Chief Procurement Officer and it is not approved, valid or effective until such written approval is granted.

**1.2.6 Multi-Institutional**

The University of Maine System, Office of Strategic Procurement reserves the right to authorize other University Institutions to use the Agreement(s) resulting from this document, if it is deemed to be beneficial for the University to do so.

**1.2.7 Pricing**

All prices provided shall remain firm for the entire term of the agreement.

**1.2.8 Cost Response Form Quantities**

The quantities shown on the cost response form are approximate only. The Contractor shall cover the actual needs of the University throughout the term of the Agreement regardless of whether they are more or less than the quantities shown.

**1.2.9 Employees**

The Contractor shall employ only competent and satisfactory personnel and shall provide a sufficient number of employees to perform the required services efficiently and in a manner satisfactory to the University. If the Agreement Administrator or designee, notifies the Contractor in writing that any person employed on this Agreement is incompetent, disorderly, or otherwise unsatisfactory, such person shall not again be employed in the execution of this Agreement without the prior written consent of the Agreement Administrator.

**1.2.10 Environment Compliance**

In the event that the resulting Agreement involves the generation, transportation, handling, disposal, and/or other operations or activities in relation to toxic, hazardous, radioactive, or otherwise dangerous gases, vapors, fumes, acids, alkali's, chemicals, wastes or contaminants and/or other substance, material or condition, the Contractor agrees to indemnify save harmless and defend the University from and against all liabilities, claims, damages, forfeitures, suits, and the costs and expenses incident thereto (including costs of defense, settlement and reasonable attorney's fees) which the University may hereafter incur as a result of death or bodily injuries or damage to any property, contamination of or adverse effects of the environment or any violation of state or federal regulations or laws (including without limitation the Resources Conservation and Recovery Act, the Hazardous Material Transportation Act or the Superfund Amendment and Reauthorization Act, as the same now exists or may hereafter be amended) or order based on or arising in whole or in part from the Contractor's performance under the Agreement, provided, however the Contractor shall not indemnify the University for any liabilities, claims, damages, (as set forth above) caused by or arising out of the sole negligence of the University, or arising out of any area of responsibility not attributable to Contractor.

## 1.3 General Submission Provisions

### 1.3.1 Timeline of Key Events

Reference Section	Event Name	Event Due Date
Section 1.2.2	Deadline for Written Inquiries/Questions	October 20, 2017
Section 1.2.2	Response to Written Inquiries/Questions	October 26, 2017
Section 1.2.2	Deadline for Proposal Submission	November 16, 2017
Section 1.3.8	Estimated Respondent Presentation Date <b>(subject to change)</b>	November 29 - 30, 2017
Section 2.2	Award Announcement <b>(subject to change)</b>	December 18, 2017
	Estimated Agreement Start Date <b>(subject to change)</b>	January 18, 2018
	<b>Service Start Date</b>	<b>July 1, 2018</b>

### 1.3.2 Eligibility to Submit Responses

Public entities, private for-profit companies, and non-profit companies and institutions are invited to submit a response to this document.

### 1.3.3 Debarment

Respondents must complete and submit the “Debarment, Performance and Non-Collusion Certification Form provided in Appendix B. Failure to provide this certification may result in the disqualification of the Respondent’s proposal, at the University’s discretion.

Submission of a signed response in response to this solicitation is certification that your firm (or any subcontractor) is not currently debarred, suspended, proposed for debarment, declared ineligible or voluntarily excluded from participation in this transaction by any State or Federal department or agency.

Submission is also agreement that the University will be notified of any change in this status.

### 1.3.4 Response Understanding

By submitting a response, the Respondent agrees and assures that the specifications are adequate, and the Respondent accepts the terms and conditions herein. Any exceptions should be noted in your response.

### 1.3.5 Response Validity

Unless specified otherwise, all responses shall be valid for ninety (90) days from the due date of the response.

### 1.3.6 Non-Response Submission

The University will not consider non-responsive submissions, i.e., those with material deficiencies, omissions, errors or inconsistencies or that otherwise do not

follow instructions. The University in its sole discretion will determine what is Non-Responsive.

### 1.3.7 Respondents' Presentations

Presentations may be requested of two or more Respondents deemed by the University to be the best suited among those submitting responses on the basis of the selection criteria. After presentations have been conducted, the University may select the Respondent(s) which, in its opinion, has made the response that is the most responsive and most responsible and may award the Agreement to that/those Respondent(s).

### 1.3.8 Response Submission

A **SIGNED** virus-free electronic copy must be submitted as follows:

- The response must be received electronically to the E-Mail shown in the **Response Submission Information** section of the cover page of this document.
- Electronic submission must be received by the required **Response Deadline Date/Time** reflected on the cover page of this document.
- Response submissions that exceed 20 MB will be submitted with multiple emails modifying email subject line shown in the **Response Submission Information** section of the cover page of this document to include: Submission 1 of X ('X' representing the number of files being submitted).

## 2.0 EVALUATION AND AWARD PROCESS

### 2.1 Evaluation Criteria

#### 2.1.1 Scoring Weights

The score will be based on a 100 point scale and will measure the degree to which each response meets the following criteria:

Evaluation Appendices	Category	Points
Appendix C	Cost Evaluation	30
Appendix D	Economic Impact	10
Appendix E	Contract for Services	10
Appendix G & H	Organization, Qualifications, Experience and References	15
Appendix I	Implementation, Support and Federal University Services Fund E-Rate Program Participation & Compliance	15
Appendix K	Information Technology	20
<b>Total Points</b>		<b>100</b>

#### 2.1.2 Scoring Section Descriptions

##### 2.1.2.1 Cost Evaluation

The total cost proposed for conducting all the functions specified in this document will be assigned a score according to a mathematical formula. The lowest cost response will be awarded the total points. Responses with higher cost response values will be awarded proportionately fewer points calculated in comparison with the lowest cost response.

The scoring formula is:

$(\text{Lowest submitted cost response} / \text{cost of response being scored}) \times (30) = \text{pro-rated score}$

The University will NOT seek a best and final offer (BAFO) from any Respondent in this procurement process. All Respondents are expected to provide their best value pricing with the submission of their response. Respondents will NOT be given another opportunity to modify pricing once submitted.

##### 2.1.2.2 Economic Impact

Using the form in **Appendix D** (Economic Impact Evaluation Form), the Respondent (Respondent identified on the “Response Cover Page” of their submission) is required to describe the Respondent’s recent and anticipated economic impact upon and within the State of Maine.

The Economic Impact for this RFP will be assigned a score according to a mathematical formula.

Recent Economic Impact: The highest recent economic impact will be awarded **5 points**. Proposals with lower recent economic impact will be awarded proportionately fewer points calculated in comparison with the highest impact.

The Recent Economic Impact scoring formula is:  
(Recent Economic Impact proposal being scored / Highest submitted recent Economic Impact proposal) x 5= pro-rated score

Projected Economic Impact\*: The highest projected economic impact will be awarded 5 points. Proposals with lower projected economic impact will be awarded proportionately fewer points calculated in comparison with the highest projected economic impact.

The Projected Economic Impact scoring formula is:  
(Projected Economic Impact proposal being scored / Highest submitted projected Economic Impact proposal) x 5 = pro-rated score

*\*Projected Economic Impact is to be based **solely** on the resulting contract should the Respondent be awarded the contract for these services (See **Appendix D** for a more detailed explanation).*

Please note: If the University determines that the Respondent's recent and/or projected economic impact information is deemed to be substantially inaccurate, then the University may determine to not award any points for economic impact to that Respondent for the applicable section(s).

2.1.2.3 Contract for Services (Appendix E)

Responses which indicate full acceptance of the terms and conditions will receive the total points noted in the table above. Responses with language adjustments, will have point reductions based on University risk assessment. Refer to Agreement provisions detailed in **Section 1.2.1.2** for additional guidance

2.1.2.4 Organization, Qualifications, Experience and References (Appendix G & H)

The evaluation team will use a consensus approach to evaluate and assign evaluation points. Reference checks will be performed on the top Respondent(s) only as determined by consensus scoring in the other categories.

2.1.2.5 Implementation, Support and Federal University Services Fund E-Rate Program Participation & Compliance (Appendix I)

The evaluation team will use a consensus approach to evaluate and assign evaluation points. .

2.1.2.6 Information Technology (Appendix J)

The evaluation team will use a consensus approach to evaluate and assign evaluation points.

## 2.2 Award

While the University prefers a single solution that is scalable to meet the needs of both large and small institutions, it reserves the right to award Agreement(s) to one or multiple Respondents, which may include awards to Respondents for a geographical area, if such award is in the best interest of the University.

The University reserves the right to waive minor irregularities, which may include contacting the Respondent to resolve the irregularity. Scholarships, donations, or gifts to the University, will not be considered in the evaluation of responses. The University reserves the right to reject any or all bid/proposal/submission, in whole or in part, and is not necessarily bound to accept the lowest cost response if that bid/proposal/submission is contrary to the best interests of the University. The University may cancel this request or reject any or all responses in whole or in part. Should the University determine in its sole discretion that only one Respondent is fully qualified, or that one Respondent is clearly more qualified than any other under consideration, an Agreement may be awarded to that Respondent without further action.

## 2.3 Negotiations

The University reserves the right to negotiate with the successful Respondent to finalize a contract. Such negotiations may not significantly vary the content, nature or requirements of the proposal or the University's Request for Proposals to an extent that may affect the price of goods or services requested. The University reserves the right to terminate contract negotiations with a selected respondent who submits a proposed contract significantly different from the response they submitted in response to the advertised RFP. In the event that an acceptable contract cannot be negotiated with the highest ranked Respondent, the University may withdraw its award and negotiate with the next-highest ranked Respondent, and so on, until an acceptable contract has been finalized. Alternatively, the University may cancel the RFP, at its sole discretion.

## 2.4 Award Protest

Respondents may appeal the award decision by submitting a written protest to the University of Maine System's Chief Procurement Officer within five (5) business days of the date of the award notice, with a copy of the protest to the successful Respondent. The protest must contain a statement of the basis for the challenge. The protest must contain a statement of the basis for the challenge. Further information regarding the appeal process can be found at

[http://staticweb.maine.edu/wp-content/uploads/2015/07/APL\\_VII-A\\_20150630-FINAL.pdf?565a1d](http://staticweb.maine.edu/wp-content/uploads/2015/07/APL_VII-A_20150630-FINAL.pdf?565a1d).

If this RFP results in the creation of a pre-qualified or pre-approved list of vendors, then the appeal procedures mentioned above are available upon the original determination of that vendor list, but not during subsequent competitive procedures involving only the pre-qualified or pre-approved list participants.

## 3.0 RESPONSE FORMAT REQUIREMENTS

### 3.1 General Format Instructions

#### 3.1.1 Electronic Submissions

Documents submitted as part of the electronic response are to be prepared on standard electronic formats of 8-1/2" x 11" and of PDF file type. Submissions requiring additional supporting information, such as, foldouts containing charts, spreadsheets, and oversize exhibits are permissible and must be submitted as Appendices, clearly numbered and referencing the Section in which they provide supporting information.

For clarity, the Respondent's name should appear on every document page, including Appendices. Each Appendix must reference the section or subsection number to which it corresponds.

#### 3.1.2 Respondents Responsibility

It is the responsibility of the Respondent to provide all information requested in the document package at the time of submission. Failure to provide information requested in this document may, at the discretion of the University's evaluation review team, result in a lower rating for the incomplete sections and may result in the response being disqualified for consideration. Include any forms provided in the application package or reproduce those forms as closely as possible. All information should be presented in the same order and format as described in this document.

#### 3.1.3 Brief Response

Respondents are asked to be brief and to respond to each question listed in the "Response to Questions" section of this document. Number each response in the response to correspond to the relevant question in this document.

#### 3.1.4 Additional Attachments Prohibited

The Respondent may not provide additional attachments beyond those specified in the document for the purpose of extending their response. Any material exceeding the response limit will not be considered in rating the response and will not be returned. Respondents shall not include brochures or other promotional material with their response. Additional materials will not be considered part of the response and will not be evaluated.

### 3.2 Response Format Instructions

This section contains instructions for Respondents to use in preparing their response. The Respondent's submission must follow the outline used below, including the numbering of section and sub-section headings. Failure to use the outline specified in this section or to respond to all questions and instructions throughout this document may result in the response being disqualified as non-responsive or receiving a reduced score.

The University and its evaluation team for this document have sole discretion to determine whether a variance from the document specifications should result in either disqualification or reduction in scoring of a response.

Re-phrasing of the content provided in this document will, at best, be considered minimally responsive. The University seeks detailed yet succinct responses that demonstrate the

Respondent's experience and ability to perform the requirements specified throughout this document.

Appendix B – Debarment, Performance and Non-Collusion Certification

**University of Maine System  
DEBARMENT, PERFORMANCE and NON-COLLUSION  
CERTIFICATION**

RFP # 2018-22  
Data Transport Services for NetworkMaine

By signing this document, I certify to the best of my knowledge and belief that the aforementioned organization, its principals and any subcontractors named in this proposal:

- a. Are not presently debarred, suspended, proposed for debarment, and declared ineligible or voluntarily excluded from bidding or working on contracts issued by any governmental agency.
- b. Have not within three years of submitting the proposal for this contract been convicted of or had a civil judgment rendered against them for:
  - i. Fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a federal, state or local government transaction or contract.
  - ii. Violating Federal or State antitrust statutes or committing embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, or receiving stolen property;
  - iii. Are not presently indicted for or otherwise criminally or civilly charged by a governmental entity (Federal, State or Local) with commission of any of the offenses enumerated in paragraph (b) of this certification; and
  - iv. Have not within a three (3) year period preceding this proposal had one or more federal, state or local government transactions terminated for cause or default.
- c. Have not entered into a prior understanding, agreement, or connection with any corporation, firm, or person submitting a response for the same materials, supplies, equipment, or services and this proposal is in all respects fair and without collusion or fraud. The above mentioned entities understand and agree that collusive bidding is a violation of state and federal law and can result in fines, prison sentences, and civil damage awards.

**Failure to provide this certification may result in the disqualification of the Respondent’s proposal, at the University’s discretion.**

## Appendix C – Required Cost Evaluation Exhibits

University of Maine System  
COST EVALUATION

RFP # 2018-22  
Data Transport Services for NetworkMaine

Respondent's Organization Name:

---

### GENERAL INSTRUCTIONS:

1. The Respondent must submit a cost response that covers the entire period of the Agreement, including any optional renewal periods.
2. The cost response shall include the costs necessary for the Respondent to fully comply with the Agreement terms and conditions and requirements. **Note regarding total cost of ownership:** This "cost" will encompass the entire solution pricing along with all products and services offered as part of the solution.
3. Failure to provide the requested information and to follow the required cost response format provided in Appendix C may result in the exclusion of the Response from consideration, at the discretion of the University. You can add rows and columns required to insert additional information. If a particular cost table is not required as part of your response simply leave it blank.
4. No costs related to the preparation of the Response for this document or to the negotiation of the Agreement with the University may be included in the Response. Only costs to be incurred after the Agreement effective date that are specifically related to the implementation or operation of contracted services may be included.
5. If there are additional options or services that are not included in the offering, they must be identified and itemized as "optional" and include a description of the product or service and the costs of the option. All items identified in the response (including third party items required) will be considered free add-ons to the proposed solution at the prices included in this response unless expressly stated otherwise.
6. Pricing will be guaranteed by the vendor for the term of the Agreement.
7. The University will NOT seek a best and final offer (BAFO) from any Respondent in this procurement process. All Respondents are expected to provide their best value pricing with the submission of their response. Respondents will NOT be given another opportunity to modify pricing once submitted.
8. An **MS Excel Version** *must* be included in your final submission for all of these tables. For a copy of the excel version, email the contact provided on the cover page of this document.
9. Respondents should propose costs for circuits on a monthly basis **inclusive** of all associated state and/or federal taxes and fees. Show separately any applicable one-time non-recurring charges.
10. Any equipment included in these charges shall remain the property of the provider.
11. If one-time non-recurring costs are not specified or are specified as zero dollars, the provider will be responsible for construction up to the demarcation point where the circuit will terminate at no cost to the University.

**INSTRUCTIONS FOR – Exhibit 1 (Table 1) - Intra-District (E-LAN) Service Pricing**

The University needs to understand the associated costs for your proposed solution or service for Intra-District (E-LAN) Service.

**Proposed Circuit Size** – Provide the proposed circuit size for your solution. Please note the University's specifications for the Preferred Minimum Circuit Size.

**NRC** - Provide any non-recurring costs associated with your proposed solution.

**MRC** - Provide the monthly recurring cost associated with your proposed solution.

**Exhibit 1 (Table 1)** –Respondents will use this attachment, specifically Table 1 to record all costs associated with this section. For a copy of the excel version of Exhibit 1 contact **Robin Cyr** at [robin.cyr@maine.edu](mailto:robin.cyr@maine.edu).

**INSTRUCTIONS FOR – Exhibit 1 (Table 2) - Up-Link (E-LINE) Service Pricing**

The University needs to understand the associated costs for your proposed solution or service for Up-Link (E-LINE) Service.

**Proposed Circuit Size** – Provide the proposed circuit size for your solution. Please note the University's specifications for the Preferred Minimum Uplink Circuit Size.

**NRC** - Provide any non-recurring costs associated with your proposed solution.

**MRC** - Provide the monthly recurring costst associated with your proposed solution.

**Exhibit 1 (Table 2)** –Respondents will use this attachment, specifically Table 2 to record all costs associated with this section. For a copy of the excel version of Exhibit 1 contact **Robin Cyr** at [robin.cyr@maine.edu](mailto:robin.cyr@maine.edu).

**INSTRUCTIONS FOR – Exhibit 1 (Table 3) - Dark Fiber Service Pricing**

The University needs to understand the associated costs for your proposed solution or service for Dark Fiber Service.

**Proposed University PoP** – Provide the proposed University PoP associated with your proposed solution.

**Fiber Distance in Miles** - Provide fiber distance in miles associated with your proposed solution.

**NRC** - Provide any non-recurring costs associated with your proposed solution.

**MRC** - Provide monthly recurring costs associated with your proposed solution.

**Exhibit 1 (Table 3)** –Respondents will use this attachment, specifically Table 3 to record all costs associated with this section. For a copy of the excel version of Exhibit 1 contact **Robin Cyr** at [robin.cyr@maine.edu](mailto:robin.cyr@maine.edu).

**INSTRUCTIONS FOR - Exhibit 1 (Table 4) – Intra-District (ELINE) Bandwidth Pricing**

The University needs to understand the associated costs for Intra-District (**ELINE**) Bandwidth Pricing.

Respondents should feel free to propose bandwidth levels in addition to the ones listed in Exhibit 1 (Table 4).

**Exhibit 1 (Table 4)** –Respondents will use this attachment, specifically Table 4 to record all costs associated with this section. For a copy of the excel version of Exhibit 1 contact **Robin Cyr** at [robin.cyr@maine.edu](mailto:robin.cyr@maine.edu).

**INSTRUCTIONS FOR - Exhibit 1 (Table 5) – Uplink (ELINE) Bandwidth Pricing**

The University needs to understand the associated costs for Uplink (ELINE) Bandwidth Pricing.

Respondents should feel free to propose bandwidth levels in addition to the ones listed in Exhibit 1 (Table 5).

**Exhibit 1 (Table 5)** –Respondents will use this attachment, specifically Table 5 to record all costs associated with this section. For a copy of the excel version of Exhibit 1 contact **Robin Cyr** at [robin.cyr@maine.edu](mailto:robin.cyr@maine.edu).

## Appendix D – Economic Impact Evaluation Form

Respondent's Organization Name: \_\_\_\_\_

**Instructions**

Each Respondent will complete the tables below to quantify the Respondent's economic impact upon and within the State of Maine.

For the purposes of this RFP, the term "economic impact" shall be defined as the "Economic Impact Factors" listed in the table below. To complete the "economic impact" section of the Respondent's response, the Respondent shall provide the information requested, describing the Respondent's **overall** recent economic impact with the State of Maine and, separately, the projected economic impact with the State of Maine that would **specifically result from the awarded contract only**, should the Respondent be selected.

**Table D1** - Recent Economic Impact (Respondent's overall Economic Impact over the past 24-month period)

Economic Impact Factors	Factors Expressed in Dollars
Salaries paid to Maine residents in past 24-month period	\$
Payments made to Maine-based subcontractors in past 24-month period	\$
Payments of State and local taxes in Maine within past 24-month period	\$
Payments of State licensing fees in Maine within past 24-month period	\$
<b>Total Overall Recent Economic Impact</b>	<b>\$</b>

**Table D2** - Projected Economic Impact (Future 24-month economic impact resulting from the awarded contract)

Economic Impact Factors	Factors Expressed in Dollars
Salaries to be paid to Maine residents in future 24-month period as a result of the awarded contract	\$
Payments made to Maine-based subcontractors in future 24-month period as a result of the awarded contract	\$
Payments of State and local taxes in Maine within future 24-month period as a result of the awarded contract	\$
Payments of State licensing fees in Maine within future 24-month period as a result of the awarded contract	\$
<b>Total Projected Economic Impact <u>Only</u> from Awarded Contract, If Selected</b>	<b>\$</b>

For the tables above, the following definitions are provided:

- "Respondent": Organization identified on the Proposal Cover Page under "Respondent's Organization Name".
- "Maine resident": Any person whose primary residence is located within the State of Maine.
- "Maine-based": Any organization whose primary operations are located within the State of Maine.
- "Past 24-month period": The past 24-months, starting on the date that the RFP was publicly released.
- "Future 24-month period": A projection for the future 24-month period, starting upon the "Initial Period of Performance" start date Section 1.3.1

**Certification Statement**

*To the best of my knowledge, all information provided in the Economic Impact Evaluation Form is complete and accurate at the time of submission and I confirm that I am authorized to make such a determination on behalf of my organization.*

## Appendix E – Contract for Services

### UNIVERSITY OF MAINE SYSTEM CONTRACT FOR SERVICES MASTER AGREEMENT

This Contract for Services Master Agreement (“Agreement” or “Master Agreement”) entered into this \_\_\_\_\_ day of \_\_\_\_\_, \_\_\_\_\_, by and between the **University of Maine System**, hereinafter referred to as the “**University**”, and \_\_\_\_\_, hereinafter referred to as “**Contractor**”.

**WITNESSETH**, that for and in consideration of the payments and agreements hereinafter mentioned, to be made and performed by the University, the Contractor hereby agrees with the University to provide the products and services described in this agreement, and the following Riders, hereby incorporated into this Agreement and made part of it by reference:

**Rider A** - Specifications of Work to be Performed

**Rider A-1** – Pricing

**Rider B-1** – Insurance Requirements

**Rider B-2** – Substitute Form W-9 - Taxpayer Identification Number Request & Certification

**Rider C** – University of Maine System Standards for Safeguarding Information

**Rider D** – Services Engagement Form

**Rider E** – Implementation Plan and Timeline

**Rider F** – Contractor’s Service Level Agreement to Support the University

**Contract Amendments** as required

**Request for Proposal #2018-22** Issue Date October 10, 2017 Titled **Data Transport Services for NetworkMaine**

**Contractor’s Bid in Response to Request for Proposal #2018-22** Proposal Submission Date November 16, 2017 Titled **Data Transport Services for NetworkMaine**

**WHEREAS**, the University desires to enter into a contract for professional services, and the Contractor represents itself as competent and qualified to accomplish the specific requirements of this Contract to the satisfaction of the University;

**NOW THEREFORE**, in consideration of the mutual promises contained herein, the parties hereby agree as follows:

This Agreement, along with any documents identified, which are incorporated by reference, constitutes the entire Agreement between the parties, and there are no other or further written or oral understandings or agreements with respect thereto.

1. **Specifications of Work:** The Contractor agrees to perform the Specifications of Work as described in **Rider A**, hereby incorporated by reference.

**Rider A** provides a suite of services offered by the Contractor to the University. As required by the University institutions, the parties will develop jointly specific Services Engagement documents. The

required format of this document is detailed in **Rider D**. The document will be governed by all the terms in this agreement; except that the engagement administrator for purposes of managing the service deliverables may be different than this Agreement Administrator and the term may be different than the term of the agreement but may not extend beyond this Agreement termination date. The Services Engagement document will be fully executed by the parties. Institutions may execute more than one agreement for services to support their needs over the term of this Agreement

2. **Term:** This Contract shall commence on **July 1, 2018** and shall terminate on **July 1, 2021** unless terminated earlier as provided in this Contract with option for **two (2) one (1) year or one (1) two (2) year renewals** upon the parties' mutual agreement.
3. **Payment:**
  - A. Payment shall be made upon submittal of an electronic invoice to the University by the Contractor on a net 30 basis unless discount terms are offered. In the event there is a discrepancy with the invoice, payment terms shall be effective starting on the date the discrepancy is resolved, for only that portion of the invoice that is disputed. Invoices must include a purchase order number.
  - B. **“Additional Services”** The University will have the option to purchase additional services under this Agreement.

As required by the University institutions, the parties will develop jointly specific Services Engagement documents. The required format of this document is detailed in **Rider D**.

4. **Termination:** The **Agreement or a Services Engagement (Rider D)** may be terminated by the University in whole, or in part, whenever for any reason the University shall determine that such termination is in the best interest of the University. Any such termination shall be effected by delivery to the Contractor of a Notice of Termination specifying the extent to which performance of the Agreement is terminated and the date on which such termination becomes effective. The University shall pay all allowable costs incurred up to the effective date of termination. However, the Contractor shall not be reimbursed for any costs incurred after the effective date of termination.
5. **Obligations Upon Termination:** Any materials produced in performance of this agreement are the property of the University and shall be turned over to the University upon request. The University shall pay the Contractor for all services performed to the effective date of termination subject to offset of sums owed by the Contractor to the University.
6. **Non-Appropriation:** Notwithstanding any other provision of this Agreement, if the University is not appropriated sufficient funds to pay for the work to be performed under this Agreement or if funds are de-appropriated, then the University is not obligated to make payment under this Agreement.
7. **Conflict of Interest:** No officer or employee of the University shall participate in any decision relating to this contract which affects his or her personal interest in any entity in which he or she directly or indirectly has interest. No employee of the University shall have any interest, direct or indirect, in this contract or proceeds thereof.
8. **Modification:** This Contract may be modified or amended only in a writing signed by both parties.
9. **Assignment:** This Contract, or any part thereof, may not be assigned, transferred or subcontracted by the Contractor without the prior written consent of the University.
10. **Applicable Law:** This Contract shall be governed and interpreted according to the laws of the State of Maine.

11. **Administration:** Executive Director NetworkMaine shall be the University's authorized representative in all matters pertaining to the administration of the terms and conditions of this Contract.
12. **Non-Discrimination:** In the execution of the contract, the Contractor shall not discriminate on the basis of race, color, religion, sex, sexual orientation, transgender status or gender expression, national origin or citizenship status, age, disability, genetic information, or veteran status and shall provide reasonable accommodations to qualified individuals with disabilities upon request. The university encourages the employment of qualified individuals with disabilities.
13. **Indemnification:** The Contractor shall comply with all applicable federal, state and local laws, rules, regulations, ordinances and orders relating to the services provided under this Contract. Contractor shall indemnify, defend and hold the University, its Trustees, officers, employees, and agents, harmless from and against any and all loss, liability, claims, damages, actions, lawsuits, judgments and costs, including reasonable attorney's fees, that the University may become liable to pay or defend arising from or attributable to any acts or omissions of the Contractor, its agents, employees or subcontractors, in performing its obligations under this Contract, including, without limitation, for violation of proprietary rights, copyrights, or rights of privacy, arising out of a publication, translation, reproduction, delivery, performance, use or disposition of any data furnished under the Contract or based on any libelous or other unlawful matter contained in such data.
14. **Contract Validity:** In the event one or more clauses of this Contract are declared invalid, void, unenforceable or illegal, that shall not affect the validity of the remaining portions of this Contract.
15. **Independent Contractor:** Contractor is an independent contractor of the University, not a partner, agent or joint venture of the University and neither Party shall hold itself out contrary to these terms by advertising or otherwise, nor shall either party be bound by any representation, act or omission whatsoever of the other. For U.S. entities, Contractor, its employees and subcontractors if any, is/are independent contractors for whom no Federal or State Income Tax will be deducted by the University, and for whom no retirement benefits, social security benefits, group health or life insurance, vacation and sick leave, Worker's Compensation and similar benefits available to University's employees will accrue. The parties further understand that annual information returns as required by the Internal Revenue Code and Maine Income Tax Law will be filed by the University with copies sent to Contractor. Contractor will be responsible for compliance with all applicable laws, rules and regulations involving but not limited to, employment, labor, Workers Compensation, hours of work, working conditions, payment of wages, and payment of taxes, such as unemployment, social security and other payroll taxes, including other applicable contributions from such persons when required by law.
16. **Intellectual Property:** Any information and/or materials, finished or unfinished, produced in performance of this Contract, and all of the rights pertaining thereto, are the property of the University and shall be turned over to the University upon request.
17. **Entire Contract:** This Contract sets forth the entire agreement between the parties on the subject matter hereof and replaces and supersedes all prior agreements on the subject, whether oral or written, express or implied. This Contract is the entire agreement between the University (including University's employees and other End Users) and Contractor. In the event that Contractor enters into terms of use agreements or other agreements, policies or understandings, whether on Contractor's purchase order, website, electronic, click-through, verbal or in writing, with University's employees or other End Users, such agreements shall be null, void and without effect, and the terms of this Contract shall apply. University will not be bound to any other terms and conditions set forth in any documents, agreements or policies posted on Contractor's website unless such terms and conditions are set forth in this Contract. Contractor may not unilaterally change any term or condition of this Contract.
18. **Licensing:** Contractor shall secure in its name and at its expense all federal, state, and local licenses and permits required for operation under this Contract. Contractor shall provide proof of such licensure or permit to the University prior to commencing work under this Contract.

19. **Record Keeping, Audit and Inspection of Records:** The Contractor shall maintain books, records and other compilations of data pertaining to the requirements of the Contract to the extent and in such detail as shall properly substantiate claims for payment under the Contract. All such records shall be kept for a period of seven years or for such longer period as specified herein. All retention periods start on the first day after the final payment of the Contract. If any litigation, claim, negotiation, audit or other action involving the records is commenced prior to the expiration of the applicable retention period, all records shall be retained until completion of the action and resolution of all issues resulting therefrom, or until the end of the applicable retention period, whichever is later. The University, the grantor agency (if any), or any of their authorized representatives shall have the right at reasonable times and upon reasonable notice, to examine and copy the books, records and other compilations of data of the Contractor pertaining to this Contract. Such access shall include on-site audits.
  
20. **Publicity, Publication, Reproduction and use of Contract's Products or Materials:** Unless otherwise provided by law or the University, title and possession of all data, reports, programs, software, equipment, furnishings and any other documentation or product paid for with University funds shall vest with the University. The Contractor shall at all times obtain the prior written approval of the University before it, any of its officers, agents, employees or subcontractors, either during or after termination of the Contract, makes any statement bearing on the work performed or data collected under this Contract to the press or issues any material for publication through any medium of communication. If the Contractor or any of its subcontractors publishes a work dealing with any aspect of performance under the Contract, or of the results and accomplishments attained in such performance, the University shall have a royalty free, non-exclusive and irrevocable license to reproduce, publish or otherwise use and to authorize others to use the publication.
  
21. **Confidentiality:** The contractor shall comply with all laws and regulations relating to confidentiality and privacy including but not limited to any rules or regulations of the University.
  
22. **Force Majeure:** Neither party shall be liable to the other or be deemed to be in breach of this Contract for any failure or delay in rendering performance arising out of causes beyond its reasonable control and without its fault or negligence. Such causes may include, but are not limited to, acts of God or of a public enemy, fires, flood, epidemics, strikes, embargoes or unusually severe weather. Dates or time of performance shall be extended to the extent of delays excused by this section provided that the party whose performance is affected notifies the other promptly of the existence and nature of such delay.
  
23. **Notices:** Unless otherwise specified in an attachment hereto, any notice hereunder shall be in writing and addressed to the persons and addresses below.

25. **Order of Precedence:** In the event of any conflict among the documents in this agreement, the following order of precedence shall apply:

- A. **Terms and conditions of this Agreement**
- B. **Rider A** - Specifications of Work to be Performed
- C. **Rider A-1** – Pricing
- D. **Rider B-1** – Insurance Requirements
- E. **Rider B-2** – Substitute Form W-9 - Taxpayer Identification Number Request & Certification
- F. **Rider C** – University of Maine System Standards for Safeguarding Information
- G. **Rider D** – Services Engagement Form
- H. **Rider E** – Implementation Plan and Timeline
- I. **Rider F** – Contractor’s Service Level Agreement to Support the University
- J. **Contract Amendments** as required
- K. **Request for Proposal #2018-22** Issue Date October 10, 2017 Titled **Data Transport Services for NetworkMaine**
- L. **Contractor’s Bid in Response to Request for Proposal #2018-22** Proposal Submission Date November 16, 2017 Titled **Data Transport Services for NetworkMaine**

26. **Multi-Institution Capabilities** University will have the option to include products and services under this Agreement to additional University institutions, this includes any additional University institutions formed during the term of this agreement, all facilities utilized by an institution including those managed and/or owned by a third party, and additional entities, such as, the University College a division of University of Maine at Augusta.

**The Community College System and Maine Maritime Academy**, both public higher education institutions in the state, shall be permitted to piggyback off of the University’s contract if they should so desire. The Contractor agrees to further provide the products and services, with all the same terms and conditions applicable, to these additional entities.

27. **Federal E-Rate Discounts:** The University considers many of the sites listed in Request for Proposal #21-15 which is incorporated into this Agreement and made part of it by reference, to be eligible for Federal E-rate discounts. Contractor(s) must comply with all Federal E-rate regulations, including any E-rate requirements to maintain viability as a service provider, such as, but not limited to, maintaining a current Service Provider Annual Certification Form 473 (SPAC). Failure to comply shall be grounds for cancellation of any contract issued pursuant to this Request for Proposal #21-15.

## RIDER A SPECIFICATIONS OF WORK TO BE PERFORMED

The Contractor agrees to the **Specifications of Work to be Performed** as follows:

### INTENT AND PURPOSE

The University of Maine System, acting on behalf of NetworkMaine sought proposals for the provision of data transport services to provide in-state transport services to approximately 900 K-20 schools, libraries, state and local governments, and research institutions that participate in Maine's research and education network, MaineREN.

### PRODUCT SCOPE OF WORK:

NetworkMaine is a business unit of the University of Maine System ("University"). NetworkMaine's intention is to provide a fiber optic based network solution to K-20 schools, libraries, state and local governments, and research entities. The network will provide a cost-effect solution to address advanced network services, high speed interconnectivity between network participants, and connectivity to the commodity Internet, MaineREN, and the national research and education network, Internet2.

The scope of this project is to select data transport services for any and all K-20 schools, libraries, state and local governments, and research institutions in Maine (**Rider A-1**) with service beginning **July 1, 2018**. The Respondents are being asked to provide three differing types of service;

- 1) E-LAN service for local transport services between schools or libraries within a district.
- 2) E-LINE service to connect these district networks along with individual schools, libraries, and other entities to one or more NetworkMaine Points of Presence.
- 3) Dark Fiber service to connect these district networks along with individual schools, libraries, and other entities to a NetworkMaine Point of Presence.

Respondent(s) may propose any data transport medium capable of carrying the bandwidth required for access to NetworkMaine's regional points of presence but fiber optics are preferred to allow for easy and rapid increases in contracted bandwidth. **Note:** ISP services are not required.

The Respondent(s) must accommodate the diversity of existing hardware and software in schools and libraries. The Respondents are not responsible for local hardware needs beyond the demarcation point other than providing an Ethernet handoff in the case of lit services. The Respondent(s) must coordinate its transport offerings with the University to provide end-to-end service.

Respondent(s) may join with other service providers, where applicable, to supply necessary services however the University does require a single point of contact for all RFP items. In the event that a group of Respondents submits a single response, all participating Respondents must be identified in the response and a "Primary Respondent" must be assigned. This 'Primary Respondent' will be responsible for all proposed items and shall coordinate all contractual and invoicing issues.

The University is not required to select a single provider that can meet the needs of all members, therefore Respondents are encouraged to submit proposals for locations they can service even if they cannot provide statewide service.

**Additional Scope:** The Contractor shall permit product and services not covered herein to be added by mutual agreement, without voiding the provisions of the existing contract. The Contractor, for additional consideration, shall furnish additional such products and services to the University.

**PRICING:** Refer to RIDER A-1. Pricing will be valid for the term of the Agreement.

### PERFORMANCE TERMS AND CONDITIONS

1. **Employees:** The Contractor shall employ only competent and satisfactory personnel and shall provide a sufficient number of employees to perform the required services efficiently and in a manner satisfactory to the University. If the University Contract Administrator notifies the Contractor in writing that any person employed on this Contract is incompetent, disorderly, or otherwise unsatisfactory, such person shall not again be utilized in the execution of this Contract without the prior written consent of the Contract Administrator.
2. **Business and Performance Reviews:** Recognizing that successful performance of this contract is dependent on favorable response, the Contractor shall meet at least quarterly with the Contract Administrator or designee for a business and performance review to evaluate operations and make necessary adjustments. These meetings will normally be conducted electronically but shall be face-to-face on demand. As part of these reviews, the University reserves the right to review equipment specifications quarterly and update equipment specifications accordingly. Contractor shall provide a single point of contact (i.e., relationship manager) and shall notify University in writing and in advance whenever there is a change to that single point of contact.
3. **Campus Visits:** The Contractor agrees to maintain good relations with the University. The Contractor shall make campus visits “as needed” on three days’ notice. The Contractor will coordinate campus visits with the University Services Information and Technology Department to ensure proper communication and sharing of information related to customer projects.
4. **Toll-Free Access:** The Contractor shall provide to the University, toll-free telephone access to technical support. The University prefers a unique toll-free telephone number just for the University. The Contractor shall provide an escalated support feature to ensure that unresolved support issues can be elevated to upper level management.
5. **Adoption of New Technologies:** The University reserves the right to substitute, without financial penalty, the functional equivalent of existing services as new technologies emerge. While the University is willing to enter into a multiple year agreement, it is the University’s expectation that such an agreement will not preclude the adoption of new technologies without penalty during the life of the agreement.
6. **Federal Universal Services Fund E-Rate Program participation and Compliance:**
  - a. Evidence of filing of the Service Provider Annual Certification (SPAC) form will be required. The Contractor(s) will be subject to all other requirements of the Federal Universal Service Fund E-Rate program requirements including documentation retention related to this project for a period of ten (10) years after the last date that service is delivered under this contract or any extensions.
  - b. Contractor(s) must be familiar with the requirements of the Federal Universal Service Fund E-Rate program and must fully comply with those rules. In order to comply with Federal E-Rate requirements, the Contractor(s) shall maintain all records, correspondence, receipts, vouchers, memoranda and other data relating to services provided under the contract. All records referenced above and any required under the document retention requirements for the Federal Communications Commission shall be retained for at the least ten (10) years after the last day of the delivery of discounted services, such information shall be subject to inspection and audit by the University and/or SLD/USAC and/or their contractors. Pursuant to 47CFR 54.516, Service providers shall be subject to audits and other investigations to evaluate Contractor’s compliance with the statutory and regulatory requirements for the Federal E-Rate Program, including those requirements pertaining to what services and products are purchased, what services and products are delivered, and

how services and products are being used. The Service Provider shall assume responsibility for its subcontractors' compliance with the FCC requirements on document retention and auditing. Contractor shall include, in all of its subcontractor agreements for services, provisions requiring subcontractors to maintain the above-described records and allowing the University and/or SLD/USAC and/or their contractors the same right to inspect and audit said records as set forth herein.

- c. The SLD/USAC requires that service providers certify that they have complied with 47 C.F.R. § 54.511 which is the Lowest Corresponding Price (LCP) regulation.

**The FCC's E-Rate Modernization Order states:**

"C. 183. In order to help ensure that E-rate applicants make cost-effective purchasing decisions, we remind service providers that they not only must charge eligible schools, libraries, and consortia the LCP when providing E-rate services, but also must offer eligible entities the LCP when submitting competitive bids to provide E-rate supported services."

"C. 185. To ensure that applicants receive the best possible bids from service providers in response to their FCC Forms 470, consistent with the Commission's intent, we take this opportunity to reemphasize that our LCP rule, as it is now codified in our rules, means that providers must both (i) submit bids to applicants at prices no higher than the lowest price they charge to similarly-situated non-residential customers for similar services; and (ii) charge applicants a price no higher than the LCP. In abundance of caution, we also modify our LCP rule to better reflect the dual nature of this obligation."

**7. Funding:**

- a. Federal E-Rate funds cover approximately 71% of the cost of a circuit for each eligible K12 School or Library. The Maine Telecommunications Educational Access Fund administered by the Maine Public Utilities Commission covers the remaining 29%.
- b. For Federal E-Rate eligible schools and libraries, the University will administer and manage all E-Rate filings. Contractor(s) are required to abide by any Federal Communications Commission and Maine Public Utilities Commission requirements with regard to payment.

- 8. **Implementation Plan and Timeline:** The Contractor is expected to develop, manage and report the status of the progress on the implementation plan and timeline as outlined in **Rider E – Implementation Plan and Timeline**, of this Agreement.

- 9. **Service Level Agreement:** The Contractor is expected to provide, monitor performance and provide reports of its service delivery commitments to the University as outlined in **Rider F – Contractor's Service Level Agreement to Support the University**, of this Agreement.

**RIDER A-1  
PRICING**

**<< BID INSTRUCTIONS - Details in Exhibit 1 will be inserted here during Agreement negotiations.  
No action needed for Respondent as part of their proposal/bid submission. >>**

**RIDER B-1  
INSURANCE REQUIREMENTS**

Contractor's Liability Insurance: During the term of this agreement, the Contractor shall maintain the following insurance:

#	Insurance Type	Coverage Limit
1	Commercial General Liability, including Product's and Completed Operations  (Written on an Occurrence-based form) (Bodily Injury and Property Damage)	\$1,000,000 per occurrence or more
2	Vehicle Liability (Including Hired & Non-Owned) (Bodily Injury and Property Damage)	\$1,000,000 per occurrence or more
3	Workers Compensation (In Compliance with Maine and Federal Law)	Required for all personnel
3	Professional Liability Insurance (Agents, Consultants, Brokers, Lawyers, Financial, Engineers, or Medical Services)	\$1,000,000 per occurrence or more
4	Marine General Liability (Any maritime or marine services)	\$1,000,000 per occurrence or more

Coverage limit requirements can be met with a single underlying insurance policy or through the combination of an underlying insurance policy plus an Umbrella insurance policy.

**The University of Maine System shall be named as Additional Insured on the Commercial General Liability insurance.**

Certificates of Insurance for all of the above insurance shall be filed with:

**University of Maine System  
Risk Manager  
Robinson Hall  
46 University Drive  
Augusta, Maine 04330**

Certificates shall be filed prior to the date of performance under this Agreement. Said certificates, in addition to proof of coverage, shall contain the standard statement pertaining to written notification in the event of cancellation, with a thirty (30) day notification period.

The University reserves the right to change the insurance requirement or to approve alternative insurances or limits, at the University's discretion.

Substitute Form W-9 - Taxpayer Identification Number Request & Certification

Please complete the following information. We are required by law to obtain this information from you when making a reportable payment to you. If you do not provide us with this information, your payments may be subject to federal income tax backup withholding. Use this form only if you are a U.S. person (including US. resident alien.). If you are a foreign person, use the appropriate Form W-8.

Part 1 Tax Status:

Print Name: \_\_\_\_\_

Address (number, street, and apt. or suite no.): \_\_\_\_\_

City: \_\_\_\_\_ State: \_\_\_\_\_ Zip: \_\_\_\_\_

Phone: (\_\_\_\_) \_\_\_\_\_

Complete One:

Individual/Sole Proprietor Business Name, if different from above \_\_\_\_\_

Social Security Number \_\_\_\_ - \_\_\_\_ - \_\_\_\_\_

- or - Business EIN \_\_\_\_ - \_\_\_\_\_

Partnership EIN \_\_\_\_ - \_\_\_\_\_

Corporation EIN \_\_\_\_ - \_\_\_\_\_

Please answer questions below if you are a corporation:

1. Corporation providing legal services? Y N

2. Corporation providing medical services? Y N

Limited Liability Company EIN \_\_\_\_ - \_\_\_\_\_

Tax-Exempt or Not-for-Profit under § 501(C)(3) EIN \_\_\_\_ - \_\_\_\_\_

Government Entity EIN \_\_\_\_ - \_\_\_\_\_

Estate or Trust EIN \_\_\_\_ - \_\_\_\_\_

All other Entities EIN \_\_\_\_ - \_\_\_\_\_

Part 2 Exemption:

If exempt from Form 1099 reporting, check here:

and circle your qualifying exemption reason below

- 1. An organization exempt from tax under IRC section 501(a)
2. The United States or any of its agencies or instrumentalities
3. A state, the District of Columbia, a possession of the United States, or any of their political subdivisions or instrumentalities
4. A foreign government or any of its political subdivisions, agencies, or instrumentalities
5. An international organization or any of its agencies or instrumentalities
6. Other: \_\_\_\_\_

Part 3 Certification:

Under penalties of perjury, I certify that:

- 1. The number shown on this form is my correct taxpayer identification number (or I am waiting for a number to be issued to me), and
2. I am not subject to backup withholding because: (a) I am exempt from backup withholding, or (b) I have not been notified by the Internal Revenue Service (IRS) that I am subject to backup withholding as a result of a failure to report all interest or dividends, or (c) the IRS has notified me that I am no longer subject to backup withholding,
and
3. I am a U.S. person (including a U.S. resident alien).

Certification instructions. You must cross out item 2 above if you have been notified by the IRS that you are currently subject to backup withholding because you have failed to report all interest and dividends on your tax return.

Signature of U.S. person: \_\_\_\_\_ Date: \_\_\_\_\_

Please return this form with the attached contract. Thank you for your cooperation.

IMPLEMENTATION PLAN AND TIMELINE**

**<<BID INSTRUCTIONS – Respondents will insert their implementation plan and timeline here as part of their proposal/bid submission. >>**

## RIDER F

### CONTRACTOR'S SERVICE LEVEL AGREEMENT TO SUPPORT THE UNIVERSITY

**The Respondent will incorporate the following minimum requirements for the SLA:**

**Service Requirements:** The University wishes to lease circuits to for both intra-district (E-LAN) and up-link (E-LINE) connectivity. Preference will be given to transport service delivery based on either lit fiber or dark fiber. For the sake of this RFP, a "District" may include K12 schools or multiple branches of a library grouped as defined in Rider A-1. Where E-LAN services are bid, the University would prefer a "hub and spoke" configuration with a single "up-link" transport service from the district hub site to a University point of presence. If the Respondent cannot provide E\_LAN service to one or more sites listed in a district, individual up-link transport may be bid for the site(s).

**1. Intra-district E-LAN General requirements:**

- a. Districts and their associated sites are defined in **Rider A-1**.
- b. Preferred: Each interface to the proposed network will be Full Duplex 1 Gigabit Ethernet or greater. The minimum bandwidth proposed for intra-district connectivity to any individual school or library should be 100 Megabits per second with preference given to greater bandwidth connections.
- c. Backbone bandwidth will be sufficient to support non-blocked / zero packet drop transmission from all sites at full contracted speed. The "backbone" includes the hub site's connection to the intra-district service. Demarcation of provider's network will be a clear and well-defined physical interface.
- d. Solution must be compatible with existing "District" network. "District" must retain Layer 3 routing control of traffic between sites.
- e. Provided service should allow "District" VLANs to be transported transparently among Intra-district sites.
- f. Each site will be connected to the district hub / core facility; the district hub / core site will be connected to a University Point of Presence (PoP) via a E-LINE service. (**Exhibit A**).
- g. The University may, at its sole discretion, select none, one, or any combination sites.
- h. Equipment should be either wall mountable or mountable in industry standard 19" rack facilities.
- i. For a District hub site, separate Ethernet interfaces must be provided for the intra-district (E-LAN) service and the Up-link (E-LINE) service.

**2. Up-link E-LINE General requirements:**

- a. Sites are listed in **Rider A-1**.
- b. Preferred: Up-link interface to the proposed network will be Full Duplex 1 Gigabit Ethernet or greater.
- c. The minimum uplink speed proposed to any individual school or library should be 100 Mbps with preference given to greater bandwidth connections. **Rider A-1** details the minimum expected uplink circuit size for each location.
- d. Provider's backbone bandwidth will be sufficient to support non-blocked / zero packet drop transmission between the District hub site, individual school, or library and the University at full contracted speed. Demarcation of provider's network will be a clear and well-defined physical interface.
- e. Equipment should be either wall mountable or mountable in industry standard 19" rack facilities.
- f. For a District hub site, separate Ethernet interfaces must be provided for the intra-district (E-LAN) service and the (E-LINE) Up-link service.

**3. Up-link Dark Fiber General requirements:**

- a. Sites are listed in **Rider A-1**.
- b. Each remote site will be connected with a single strand of dark fiber back to a University Point of Presence (PoP). (**Exhibit A**).
- c. Equipment provided should be either wall mountable or mountable in industry standard 19" rack facilities.

**4. Aggregation Circuit General Requirements:**

- a. Respondents will provide aggregation circuits to each University Point of Presence to which they propose to deliver district Up-link circuits.
- b. The Bandwidth of these aggregation circuits will be sufficient to support no more than a 5 to 1 oversubscription ratio based on the number of Up-link's configured on the aggregation circuit and the contracted amount of bandwidth for each Up-link circuit.

**5. Service Level:** The University will develop service level agreements (SLA) with Contractors to ensure satisfactory performance of circuits. These SLAs will outline standards for reliability and availability as well as remedies should performance fail to meet acceptable standards.

- a. Reliability: Circuits are expected to operate error free 99.95% of the time.
- b. Availability: Circuits are expected to be available 99.95% of the time.

**6. Upgrades:** Following installation of any awarded circuit and during the term of that circuit, including those ordered on multiple year terms, the Contractor(s) agree that the University shall have the right to upgrade the existing circuit to a higher bandwidth circuit of the same or higher cost, without modifying the term of the initial contract. If, upon receipt of a formal written request to upgrade a circuit, the Contractor is unable, for whatever reason, to provide the upgrade, the University reserves the right to cancel the existing circuit, with no early termination fees or penalties, and change to a contractor who can provide the higher bandwidth circuit.**a. Response Time and Outages:**

- i. Unplanned: The Contractor shall respond to a trouble report within one (1) hour of the initial report. The response may include the start of the University's Network Operations Center (NOC) diagnostic efforts, or on-site presence of provider technicians. Within two (2) hours of the initial trouble report, the Contractor shall communicate with the University's NOC with periodic reports consisting of status and estimated time to repair. The University's NOC will assist the Contractor in joint testing and coordination to effectuate repairs at the earliest possible time.
- ii. Planned: Planned outages represent circuit downtime for which the Contractor has given 72-hour notice of an anticipated outage to the University. The Contractor will provide the University with a description of the planned activity, when it will start, and an estimate of when the work will be complete. At the completion of the work or estimated time to completion whichever is less, the Contractor will provide the University with a status of the planned activity. Approval by the University of a planned outage will not be unreasonably withheld. Planned outages shall be scheduled during overnight weekday and weekend time frames, outside of core service hours 5: AM to 10:00 PM Mondays through Friday and 7:00 AM through 6:00 PM on Saturdays and Sundays.

## Appendix F – Certificate of Insurability Form

Contractor's Liability Insurance: During the term of this agreement, the Contractor shall maintain the following insurance:

#	Insurance Type	Coverage Limit
1	Commercial General Liability, including Product's and Completed Operations  (Written on an Occurrence-based form) (Bodily Injury and Property Damage)	\$1,000,000 per occurrence or more
2	Vehicle Liability (Including Hired & Non-Owned) (Bodily Injury and Property Damage)	\$1,000,000 per occurrence or more
3	Workers Compensation (In Compliance with Maine and Federal Law)	Required for all personnel
3	Professional Liability Insurance (Agents, Consultants, Brokers, Lawyers, Financial, Engineers, or Medical Services)	\$1,000,000 per occurrence or more
4	Marine General Liability (Any maritime or marine services)	\$1,000,000 per occurrence or more

Coverage limit requirements can be met with a single underlying insurance policy or through the combination of an underlying insurance policy plus an Umbrella insurance policy.

**The University of Maine System shall be named as Additional Insured on the Commercial General Liability insurance.**

Certificates of Insurance for all of the above insurance shall be filed with:

**University of Maine System  
Risk Manager  
Robinson Hall  
46 University Drive  
Augusta, Maine 04330**

Certificates shall be filed prior to the date of performance under this Agreement. Said certificates, in addition to proof of coverage, shall contain the standard statement pertaining to written notification in the event of cancellation, with a thirty (30) day notification period.

The University reserves the right to change the insurance requirement or to approve alternative insurances or limits, at the University's discretion

## Appendix G – Organization Reference Form

**Respondent's Organization Name:** \_\_\_\_\_

**INSTRUCTIONS:** Provide a minimum of three (3) current professional references who may be contacted for verification of the Respondent's professional qualifications to meet the requirements set forth herein. We strongly prefer references from higher education institutions similar in size and requirements to the University of Maine System, including those with multi-campus integrated solutions.

We request that the references include one long-standing customer (minimum of 3-year engagement) and one new customer (one who has been engaged with Respondent for less than one year).

## Appendix H – Evaluation Question(s) - Organization, Qualifications and Experience

Respondent's Organization Name: \_\_\_\_\_

**INSTRUCTIONS:** Respondents shall ensure that all information required herein is submitted with the response. All information provided should be verifiable by documentation requested by the University. Failure to provide all information, inaccuracy or misstatement may be sufficient cause for rejection of the response or rescission of an award. Respondents are encouraged to provide any additional information describing operational abilities.

### Evaluation Question(s)

1. Provide a statement describing your company to include name, number of employees, locations, number of years in business, number of years offering/supporting the proposed solution, and any and all acquisitions or mergers in the last five years. Is the company publicly or privately held?
2. If subcontractors are to be used, provide a list that specifies the name, address, phone number, contact person, and a brief description of the subcontractors' organizational capacity and qualifications.
3. Please provide information about contract cancellations or non-renewals your company has experienced over the last three years.
4. Describe your experience offering a solution for the business requirements identified in this document within both higher education and K12 environments. Provide a client list that includes any and all higher education and K12 clients.
5. Provide a statement that explains why your company would be most qualified to provide services to the University of Maine System. What differentiates you from your competitors? In the response, the Respondent must demonstrate that they are a recognized leader in the services covered in this document.
6. Describe your firm's understanding of the current higher education and K12 needs for providing the services described in **Specifications / Scope of Work** detailed in this document. Include in your response what challenges do higher education and K12 organizations face in this area how would your solution support our goals?
7. Financial Stability  
No financial statements are required to be submitted with your responses, however, prior to an award the University may request audited financial statements from your company, credit reports and letters from your bank and suppliers.
8. Primary Respondent:  
In the event that a group of Respondents submits a single response, all participating Respondents must be identified in the response and a "Primary Respondent" must be assigned. This 'Primary Respondent' will be responsible for all proposed items and shall coordinate all contractual and invoicing issues (see paragraph 1.1.4 above).

## Appendix I – Evaluation Question(s) –Implementation, Support and Federal University Services Fund E-Rate Program Participation & Compliance

**Respondent's Organization Name:** \_\_\_\_\_

All responses to the questions will reflect what is offered as part of the Respondent's proposed solution. Respondents **MUST** indicate if the service requires modification, additional products or services, or if any other accommodation would be necessary to meet a requirement.

### Evaluation Question(s) – Implementation Questions

1. Describe your recommended implementation strategy.
2. Describe your project management approach. What project management tools do you use? Describe the project management offered as part of a standard implementation.
3. Indicate your timeline from implementation start to "go live" date. Provide task lists and timelines for a standard implementation.
4. Outline the staffing and composition of the implementation team. Include University staff and roles, vendor staff and roles, and proposed time-frame required for successful implementation.
5. Implementation roles and responsibilities - Please elaborate on the project team required and time commitment to implement your software including functional and technical resources within the University. A sample project plan would be helpful.
6. Identify any third-party vendors involved in your implementation strategy and describe these relationships. Indicate whether these relationships are required or optional for implementation of the proposed solution. Be sure to detail associated costs and requirements related to the third-party vendor.

### Evaluation Question(s) – Support Questions

1. Is there a customer portal available for clients to report issues and obtain information? What is the process for reporting issues and seeking assistance? What are your turn-around times?
2. Do you support user groups or advisory boards for the proposed solution? Do they operate independently from your company? Are they national or regional? How large is the user community? Please explain.
3. What services or events do you offer clients to maximize or leverage the features/functionality of the solution?
4. Describe how you manage on-going contact with your clients. Would the University of Maine System be assigned an account manager? What expertise would that person have to support our needs?
5. Please provide a detailed account of your actions should you miss an SLA. Include a description of the actions you would take to assure the lapse did not occur again. Would the University of Maine System be eligible for credits as a result of the lapse?
6. How do you obtain and prioritize feedback for changes or enhancements to your solution? (i.e. user groups, customer service, company representatives, etc.) To what degree do you rely on experts outside your organization to stay on top/ahead of the quickly changing technology field and what types of contributions are they able to make?

**Evaluation Question(s) – Federal University Services Fund E-Rate Program Participation and Compliance**

1. Respondents are required to submit their current SPIN (Service Provider Identification Number) and FCC Registration Number, as part of this response. Respondent(s) without a SLD SPIN number or FCC Registration Number MUST obtain one before responding to this RFP.
2. An FCC registration number can be obtained from the FCC website which is found at the following URL: <https://apps.fcc.gov/coresWeb/publicHome.do>

Respondent(s) must also disclose if they or any of their subcontractors have been “red-lighted” by the FCC during the two-year period prior to issuance of this RFP. Respondents must also disclose whether they have been the subject of audits or investigations by USAC, the FCC, DOJ or any other investigator associated with the Federal E-Rate program during the five years prior to the issuance of this RFP.

3. For the University to receive funding for universal services discounts, Contractor(s) must have a SPIN. USAC assigns a SPIN to each company participating in the Federal E-Rate program. A SPIN number can be obtained from SLD web site, which is found at the following URL: <http://www.universalservice.org/sl/service-providers/step01/default.aspx>
4. Respondents must submit Form 498, the Service Provider Information Form, to provide/confirm appropriate contact information for various universal service functions. Form 498 will be mailed to Respondents by USAC on request and can also be downloaded from the website by clicking the “Forms” link found on the SLD website noted above.

## Appendix J – Evaluation Question(s) - Information Technology

**Respondent's Organization Name:** \_\_\_\_\_

All responses to the questions will reflect what is offered as part of the Respondent's proposed solution. Respondents **MUST** indicate if the product or service requires modification, additional costs, products or services, or if any other accommodation would be necessary to meet a requirement.

### Evaluation Question(s) - General Technical

1. Adoption of New Technologies: Respondents shall address how new technologies and services will be handled within the terms of the contract during the life of the agreement.
2. Equipment List: Respondents shall provide detailed list(s) of the equipment to be provided for this contract.
3. Space Requirements: Respondents shall state whether or not they require space on University property or at any of the participating sites.
4. Support for Ethernet Operations: Respondents shall describe the level of support they have for Ethernet Operations, Administration and Management (OAM) features and protocols. This information is not applicable to Respondents proposing a dark fiber solution.
5. Problem Resolution: Describe the escalation sequence to ensure a quick resolution to system level problems. Include names, contact information, etc.
6. Installation Deadline: Respondents must describe their ability to have the proposed services installed and ready for use by the University before **July 1, 2018**.
7. Diagram Internal Network: Provide a diagram of your internal network and how it interconnects with locations included in **Appendix C, Exhibit I** in with your proposal.
8. Quality of Service:
  - a. Reliability: Respondents should specify the service level offered as a percentage of time with error free transmission on the circuit. Respondents should also specify how they will monitor and report that target reliability service levels are maintained and the maximum period of error transmission before remedies are activated.
  - b. Availability: Respondents should specify the service level offered as a percentage of time when the circuit is available. Respondents should also specify how they will monitor and report that target availability services levels are maintained and the maximum period of total outage before remedies are activated.
  - c. Service Continuity: How do you assure service continuity in the face of a catastrophic event like a natural disaster? Comment on what we could expect by way of service disruptions and the speed of recovery.
  - d. Remedies: Specify financial remedies to the University for each event that the service levels of reliability and availability are not maintained.

### Evaluation Question(s) - Intra-district (ELAN) Service

1. Each site will be connected to the district "hub" site; the district hub site will be connected to a University PoP (see **Appendix E, Exhibit A**).

2. Proposals will include dimensional, environmental, and electrical power requirements for equipment selected for installation at the sites. Equipment at the district hub site may optionally be either different or the same equipment as that providing the Intra-district network at the other district sites. This is to be declared and explained in the proposal.
3. Each interface to the proposed network should be Full Duplex 1 Gigabit Ethernet or greater to allow for easy and rapid increases in contracted capacity. The minimum bandwidth proposed for intra-district connectivity to any individual school or library should be 100 Megabits per second with preference given to greater bandwidth connections.
4. For a district hub site, separate physical Ethernet interfaces must be provided for the intra-district (E-LAN) service and the Up-link (E-LINE) service.
5. The Intra-district bandwidth at the district hub site will be sufficient to support non-blocked / zero packet drop transmission from all district sites at full contracted speeds.
6. The Intra-district service must allow for the local district to retain Layer 3 routing control of traffic between sites.
7. The Intra-district service should allow “local” VLANs to be transported transparently among Intra-district sites.
8. The Intra-district service can be configured as point-to-point or multi-point connections. Respondents shall clearly state which configuration is being proposed.
9. If the Respondent cannot provide Intra-district service to one or more sites listed in a district, individual up-link (E-LINE) transport service should be proposed for such sites.

#### Evaluation Question(s) – Up-Link (E-LINE) Service

1. Proposals will include dimensional, environmental, and electrical power requirements of equipment selected for installation at the sites.
2. Each interface to the proposed network should be Full Duplex 1 Gigabit Ethernet or greater to allow for easy and rapid increases in contracted capacity.
3. The minimum uplink speed proposed to any individual location should be 100 Mbps with preference given to greater bandwidth connections. **Exhibit I in Appendix B** details the minimum expected uplink circuit size for each location.
4. For a district hub site, separate physical Ethernet interfaces must be provided for the intra-district (E-LAN) service and the Up-link (E-LINE) service.
5. Provider’s backbone bandwidth will be sufficient to support non-blocked / zero packet drop transmission at full contracted speed. Demarcation of provider’s network will be a clear and well-defined physical interface.
6. Proposals will include aggregation circuits, sometimes called host circuits, to each University PoP to which Up-link circuits will be delivered. For each University PoP detail the characteristics of the circuit(s) being proposed, (quantity, speed, and technology).

7. The bandwidth of the aggregation circuits will be sufficient to support no more than a 5 to 1 oversubscription ratio based on the number of Up-link's configured on the aggregation circuit and the contracted amount of bandwidth for each Up-link circuit.
8. The University prefers that the cost associated with providing the aggregation circuits be factored into the cost of the Up-link service. If the Respondent cannot meet this request, the associated cost of aggregation circuits must be detailed in the Respondent's proposal.
9. The University's current transport service providers configure a secondary or backup Ethernet Virtual Circuit (EVC) to a second University Point of Presence. Respondent shall describe their ability to deliver a backup EVC as part of their proposed solution.
10. Respondent shall describe their ability to deliver additional Ethernet Virtual Circuits (EVCs) over their proposed Up-link (E-LINE) service along with any cost associated with such EVCs.

**Evaluation Question(s) – Up-Link (Dark Fiber) Service**

1. Each remote site will be connected with a single strand of dark fiber back to a University Point of Presence (PoP). (**Appendix B, Exhibit I**)
2. The University may, at its sole discretion, select none, one, or any combination of sites
3. The fiber termination equipment provided should be either wall mountable or mountable in industry standard 19" rack.
4. Physical topologies are to be explained.
5. Respondents shall describe the method and means by which they can accommodate incremental growth (the addition) of sites to the initial configuration.

**Evaluation Question(s) – University Points of Presence (PoPs)**

1. Proposals will include dimensional, environmental, and electrical power requirements of equipment selected for installation at University PoPs.
