

University of Maine System
Short Term Lease of Furnished Student Housing Units – UMA
RFP# 2018-81
ADDENDUM #01

QUESTIONS

1. In this RFP, is your preference to find something that already exists as it would likely take 15+ months (Sept 2019)?

ANSWER: UMA is looking for housing that can be ready for the fall 2019 Semester, which means occupancy starting in August 2019.

2. Secondly, you mention 20-50 units; are you anticipating 2 student, 4 student units, etc so this needs to be designed for 100 or more students??

ANSWER: UMA is looking for a solution for 20-50 students. The 20-50 required beds can be configured in a suite style arrangement where, for example, there are 4 beds per unit, but the configuration can be dependent on the facility.
