QUESTIONS

1. What information will they be transferring between the parking management system and peoplesoft?
   Answer: Often this is determined by the vendor and the nature/needs of the application. In the past, we have provided the following information to parking vendors:

   - **ID (student and employee)**
   - **Last Name (student and employee)**
   - **First Name (student and employee)**
   - **Middle (student and employee)**
   - **Birthdate (student and employee)**
   - **Email (student and employee)**
   - **Campus Address (student and employee)**
   - **Campus City (student and employee)**
   - **Campus State (student and employee)**
   - **Campus Postal (student and employee)**
   - **Campus Phone (student and employee)**
   - **Home Address (student and employee)**
   - **Home City (student and employee)**
   - **Home State (student and employee)**
   - **Home Postal (student and employee)**
   - **Home Phone (student and employee)**
   - **Local Address (student)**
   - **Local City (student)**
   - **Local State (student)**
   - **Local Postal (student)**
   - **Class Level (student)**
   - **Union Code (employee)**
   - **Union CD Descr (employee)**
   - **Dept ID (employee)**

- o **Dept Desc (employee)**
- o **Subclassification (employee)**

2. Is the University open for a flat file transfer between the parking management system and their external systems?
Answer: The UMS does perform flat file transfers to and from vendors.

3. Can you confirm credential type used to enter/exit the garage?
Answer: A hang tag is used to permit parking in lots on campus but no credentials are currently needed to park in the garage.

4. Scrolling Message Board – as you have a current provider, would it be considered to remove this from scope of work and have provided by current vendor as this is not integrated into the PARCS Solution.
Answer: Scrolling Message Board will remain as part of the Scope of Work through this RFP.
