

**REQUEST FOR BIDS #2019-050  
#6.5 Residual Oil  
University of Maine (Orono)  
Addendum #1**

This addendum is being issued to provide respondents with answers to questions provided to the Bid Administrator pursuant to the RFP.

**Q1. Are you sure you want to price the No. 6 oil to NY Barge Average? Most residual fuels price against the NY Cargo Daily Average.**

A1. The RFB Section Five Preferred Market Index/Price Point is changed from New York Harbor Barge Mean Index Price to *New York Harbor Cargo Daily Average*.

Section 2.3 of the RFB states the following:

**Section 5** specifies the preferred index by fuel, however, other regional market indices or price points will be considered. Under this approach, The University would contractually commit to only the mark-up adder and the market Index Price would float.
