

REQUEST FOR PROPOSALS #2019-076
Energy Procurement and Consulting Services
ADDENDUM #5
September 6, 2019

The University has updated the **RFP Timeline**, replaced **Appendix D DEBARMENT, PERFORMANCE AND NON-COLLUSION CERTIFICATION** with the separate attached document (Appendix D UPDATED) and added items in response to Maine's new Solar Legislation in **Appendix F** and **Cost Template** (Cost Template UPDATED). Please find the updates below:

Timeline of Key Events Section 1.3

Deadline for Questions, **specific to the items in this addendum only**, through 9/10/2019 5pm EST sent to umsresponses@maine.edu

Response to Written Questions September 12, 2019 EOB

Deadline for Proposal Submission September 18, 2019 11:59pm EST

Appendix F Evaluation Questions – Organization, Qualification, Experiences

9b. Describe your firm's experience in providing Solar PV Net Energy Billing Credit Services to institutions of Higher Education or institutions of similar size and complexity.

9c. If providing the services described in 9b require additional fees, please specify in the Cost Template workbook tab "OTHER" provided as an attachment (Cost Template Updated).
Assumptions: 30MW usage and a 20year NEBC agreement (The University is agnostic as to the proposed structure of the fees, rather the University is seeking an estimated total fee associated with utilizing services in 9b given the described scenario). If this service is included in costing elsewhere, please indicate that in your response.
