QUESTIONS

Q1: Does the University of Maine System have a centralized implementation of the PSFT or SAP is managed centrally for all campuses and not individual implementations. Also, is the U of Maine still using Coeus Lite or some version of the original Coeus research admin system? The latter question will help us accurately scope the migration of legacy proposal and award data as we have extensive experience doing such projects.

A1: We do not know the answer to the Coeus-related questions, but in regards to the ERP solution, our ERP solution is PeopleSoft, not SAP, and it is a centralized solution...not individual instances for each campus.
