

**REQUEST FOR PROPOSAL #2021-046**  
**University of Maine System Parking Services**  
**RESPONSE ADDENDUM #01**  
**June 1, 2021**

**CLARIFICATION**

1. In Appendix C, both tables provided are labeled as "Garage Parking Options" in the upper left of the table. The header should just indicate parking options. The two tables are intended for anyone that may have more than one location. Just place the address in the Parking location at the top of the table.
2. Pass Sharing Options -- Shared pass is intended to be two or more individuals that use the parking during specified days/times of the week. For example, individual 1 pass is Monday, Wednesday, Friday and individual 2 - Tuesday and Thursday so they might both be issued a pass but with the restriction of days used. You may also have other options as part of your business process that is similar to the example, if so just provide the clarification.
