

REQUEST FOR BIDS #2022-041
Field Placement Management and Assessment Software
RESPONSE ADDENDUM #2
December 9, 2021

CLARIFICATION

QUESTIONS

Q1: In Exhibit A, there are two columns: “Category” and “Importance (Required, Preferred)”. My understanding is that these columns are for the evaluators to complete, but I want to confirm that there is no response required of the bidder in these columns. Could you please confirm?

A1: [The Respondent only completes Respondent Response and Respondents Comments](#)

Q2: Exhibit C details a Master Agreement between the University of Maine and the vendor. As I understand it, there is nothing actionable at this time with this agreement and nothing needs to be submitted in response to it, since this intended for “additional consulting services” and “services not covered herein by mutual written agreement”. Could you please confirm if this is accurate?

A2: [That is correct, the Master Agreement provides background for the University terms and conditions.](#)

Q3: Reference is made in the RFB on page 2 of “Appendix H(a)”. I have run a search in all of the documents that have been provided for Appendix H(a), both in the original documents that were released and in the documents that you provided in your first request, and I do not see an Appendix H(a) listed anywhere except for in this reference on Page 2 of the RFB. Could you please let me know if there is an Appendix H(a) that should be part of these documents, or if this reference in the document was perhaps an error?

A3: [Reference should be Exhibit A](#)
