

REQUEST FOR PROPOSALS # 2022-022
Charter Boat for Research
RESPONSE ADDENDUM #1
April 8, 2022

QUESTIONS

Q1: Where is the location of the loadout for the buoys?

A1: [The location of the loadout depends on the length and draft of the vessel.](#)

Q2: Our vessels would be coming from New Jersey. What is the preference for the billing of mobilizing up to Maine? What is the preference for the submitting a price? Lump sum or day rate plus a rate to mobilize from NJ to Maine?

A2: [The University's preference is that you provide a day rate plus the cost to mobilize from New Jersey.](#)

Q3: Is there an idea of how many total days spent offshore?

A3: [Typically we spend 6-7 days offshore.](#)

Q4: How many clients will be on the vessel?

A4: [4](#)

Q5: How are additional days / weather days added to the final billing?

A5: [Add them as a separate additional cost similar to how you are handling mobilization.](#)
