University of Maine

The University of Maine, founded in Orono in 1865, is the state's land grant and sea grant university. As the state's only public research university, UMaine has a statewide mission of teaching, research and economic development, and community service. UMaine is among the most comprehensive higher education institutions in the Northeast with nearly 100 majors and academic programs. It attracts students from Maine and 49 other states, and more than 60 countries. It currently enrolls more than 11,400 undergraduate and graduate students who can directly participate in research, working with world-class scholars. UMaine offers more than 100 degree programs through which students can earn graduate certificates, master's, doctoral or professional science master's degrees. The university promotes environmental stewardship, with substantial efforts campus

wide aimed at conserving energy, recycling and adhering to green building standards in new construction.

1.1.3 Purpose & Scope of Services

The University of Maine System acting on behalf of University of Maine is seeking responses to provide a digital “drip” campaign initiative to address the 3-year decline in yield rate of our accepted students by partnering with the Deans of each of UMaine’s five Academic Colleges. The purpose and goal of this initiative is to increase UMaine’s 3-year average (15.2) accepted student “yield” rate by 1%. This will allow us to become more competitive with the other 6 New England flagships who’s average 3-year average yield rate is 17.9%. In addition this initiative will allow us to mitigate the level of confirmation (Deposited Students) “Melt” during the summer. (UMaine 3-year avg. = 18.1% - National publics avg = 15-16%).

The requested provider offers a turn-key segmentation solution that is personality-driven and through a “psychographic” modeling that provides a rich insight in how to communication with each student based on their attributes. This segmentation will be used across our digital, text and email communications. Their approach is based on an Ecosystem design, accounting for the real complexities of the UMaine enrollment work and the changing student behaviors. This allows us to uncover and interpret intelligent, market-driven, student-centric data and then leverage those findings to curate comprehensive strategy and targeted tactics that are customized for UMaine. Bottom line, this process provides a truly personalized experiences for our students that drive engagement, action, and affinity.

The University reserves the right to waive minor irregularities, which may include contacting the Respondent to resolve the irregularity. Scholarships, donations, or gifts to the University, will not be considered in the evaluation of responses. The University reserves the right to reject any or all responses, in whole or in part, and is not necessarily bound to accept the lowest cost response if that response is contrary to the best interests of the University. The University may cancel this request or reject any or all responses in whole or in part. Should the University determine in its sole discretion that only one Respondent is fully qualified, or that one Respondent is clearly more qualified than any other under consideration, an Agreement may be awarded to that Respondent without further action.

2.3 Negotiations

The University reserves the right to negotiate with the successful Respondent to finalize a contract. Such negotiations may not significantly vary the content, nature or requirements of the proposal or the University's Request for Proposals to an extent that

In the event that an acceptable contract cannot be negotiated with the highest ranked Respondent, the University may withdraw its award and negotiate with the next-highest ranked Respondent, and so on, until an acceptable contract has been finalized. Alternatively, the University may cancel the RFP, at its sole discretion.

Respondents may appeal the award decision by submitting a written protest to the University of Maine System's Chief General Services Officer within five (5) business days of the date of the award notice, with a copy of the protest to the successful Respondent.
