

REQUEST FOR PROPOSAL #2023-092
Life Safety Services
RESPONSE ADDENDUM #1
June 15, 2023

QUESTIONS

Q1: Are we able to bid on one portion of this (Schedule 1), or do we need to bid on all aspects and carry subs for any portions we do not do in house?

A1: Respondents are not required to bid on all three schedules and can submit a bid for only one of the schedules. Respondents are not required to carry subs for portions of work they do not do in house.

Q2: The communications services, can you clarify if this is for providing the fire alarm monitoring, or just for the testing of the monitoring?

A2: The communications services are for monitoring and testing of fire alarms. Currently, the University has monitoring equipment that is under a subscription agreement for monitoring services. Any bidder that is not the current provider of these services will need to include the cost of equipment installation, maintenance, and timelines for both items.
