3.0 GENERAL TERMS AND CONDITIONS:

- 3.1 Contract Documents: If a separate written contract is entered into by the University and the Contractor (hereinafter “the parties,”) such contract shall be referred to herein as “Contract”. In the event there are discrepancies or inconsistencies among the Contract, the signed bid response and/or this RFB, the Contract will be the prevailing document followed by the signed bid response and then this RFB.

If a separate written contract is not executed, the “Contract” or “Agreement” entered into by the parties shall consist of:

- this Request for Bids;
- the signed bid submitted by the Contractor;
- the specifications including all modifications thereof; and
- a purchase order,

all of which shall be referred to collectively as the Contract Documents.

Any contract or agreement for services that will, or may, result in the expenditure by the University of \$50,000 or more must be approved in writing by the Chief Procurement Officer and it is not approved, valid or effective until such written approval is granted.

- 3.2 Contract Modification and Amendment: The parties may, after mutual written agreement, adjust the specific terms of the Contract (except for pricing) where circumstances beyond the control of either party require modification or amendment. Any modification or amendment proposed by the Supplier must be in writing to the University Purchasing Department. Any modification or amendment must only be upon mutual agreement of the parties and in writing and signed by both parties.
- 3.3 Contract Term: The Contract term shall begin **December 1, 2025 for a period of up to 36 months.**
- 3.4 Contract Administration: Upon execution of the Contract, the University Chief Procurement Officer, Rudy Gabrielson, or his designee or assign at the University shall be the University's authorized representative in all matters pertaining to the administration of this Contract.
- 3.5 Volumes: The volumes shown on the bid form and usage data attachments are approximate only. The Contract shall cover the actual needs of the University throughout the term of the Contract regardless of whether they are more or less than the volumes shown.
- 3.6 Contract Validity: In the event one or more clauses of the Contract are declared invalid, void, unenforceable or illegal, that shall not affect the validity of the remaining portions of the Contract.
- 3.7 Clarification of Responsibilities: If the Supplier needs clarification of, or deviation from, the terms of the Contract, it is the Supplier's responsibility to obtain written clarification or approval from the University Chief Purchasing Officer, Rudy Gabrielson, or his designee or assign at the University.
- 3.8 Litigation: This Contract and the rights and obligations of the parties hereunder shall be governed by and construed in accordance with the laws of the State of Maine without reference to its conflicts of laws principles. The Supplier agrees that any litigation, action or proceeding arising out of this Contract shall be instituted in a state court located in the State of Maine.

- 3.9 Indemnification: The Supplier shall indemnify, hold harmless and defend the University, its trustees, employees and agents, from and against any and all actions, losses, expenses, claims, lawsuits, damages, judgments, and costs, including reasonable attorney's fees, suffered or sustained by the University or for which the University may be held or become liable by reason of injury (including death) to persons or property or other causes whatsoever in connection with or arising out of the negligent acts, omissions or operations of the Supplier, or any of its subcontractors, under this Contract.
- 3.10 Assignment: Neither party of the Contract shall assign the Contract without the prior written consent of the other, nor shall the Supplier assign any money due or to become due without the prior written consent of the University.
- 3.11 Equal Opportunity: In the execution of the Contract, the Supplier and all subcontractors agree, consistent with University policy, not to discriminate on the grounds of race, color, religion, sex, sexual orientation, transgender status or gender expression, national origin or citizenship status, age, disability or veteran's status and to provide reasonable accommodations to qualified individuals with disabilities upon request.
- 3.12 Sexual Harassment: The University is committed to providing a positive environment for all students and staff. Sexual harassment, whether intentional or not, undermines the quality of this educational and working climate. The University thus has a legal and ethical responsibility to ensure that all students and employees can learn and work in an environment free of sexual harassment. Consistent with the state and federal law, this right to freedom from sexual harassment was defined as University policy by the Board of Trustees.
